A Cause For Great Joy: The Illumination Of Conscience

(for those in a state of grace & in My Holy Divine Will)

I AM will open your eyes.

You shall see all clearly.

The veil shall be lifted.

Great will be your joy.

To see Me as I AM.

This is what many have waited for.

The saints of ages past wanted to live to see this day.

Your generation is blessed to live to see this day.

Look up for your deliverance is nye.

I will wipe every tear from every eye, that is focused on Me alone.

You will no longer hunger for this world and its faded pleasures, for I will fill you full of the honey of My dew, My rain of graces untold, un-generated by human expectations or the knowledge of things that pass, like the breath of this life.

Jesus The Messiah

The Writing Is On The Wall: “Mene, Mene, Tekel, Upharsim”

Scriptural Reference: Daniel Chapter 5 Verse 25

When you sharpen a pencil, at some point, you have to stop, or you will break off the tip. If you do break it off, you have to go back, and start again. But you are slowly destroying the pencil, grinding it down to a stub.

My poor children, you do not realize how corrupt your society has become; you have gone too far. It is now worse than before the Flood. Your individual and collective acceptance of the agenda of the snake, make you all the more guilty, than the reprobates I destroyed in the Flood waters. Why? Because, they were not graced with the knowledge of the salvation and atonement of the Blood Sacrifice of My only begotten Son, Jesus the Messiah.

You have ground down the pencil of My Mercy, My Patience, My Forbearance, My Waiting, My Hoping you would return to your God, to a useless stub. The pencil is finished now, and the pile of shavings of your rebellion, covers the face of the earth, in almost total destruction of the beauty, purity, clarity, and munificence I AM created for you all, in the first place.

At some point in each person's life, if they refuse to come to God, to accept the insistent and relentless attempts of the Holy Spirit, to try and get them to accept God, and live in His Law, Love and Divine Will; it is enough. I AM removes My Hand, for it is soon after that they leave this world, and go to their place, as Judas did. I AM gives you all a human will, to say Yes or No, to your God. I AM will not violate this gift, to My children.

Individually and collectively, you have destroyed the instrument (graces), that I use to write My Love for you, on your hearts, your minds. Your refusal, must now bring on the result of your rebellion, your "*I will not serve.*" The destruction of your bodies, souls, families, neighbors, environments, lands, countries follows.

I AM is finished waiting for a glimmer of change.

You can not run from Me.

You can not silence Me.

You can not replace Me.

You can not stop Me

You can not kill Me.

You can not live or even breathe without Me.

Now you will face the point itself, but the pencil has turned into a sword of destruction, famine, war, death and pestilence.

God The Father Almighty
