### Famin Next Year.

I am talking to a poor farmer telling him **there is going to be Famine next year.**

The farmer is telling me back, he doesn't have food for this year. I asked him to give me the names of the community elders/leaders so that I can **summon them and warn them that they need to prepare for next year famine.**

The farmer is pressing that they need help and expect help from the government. **I am not sure and comfortable about the government.** Busy looking for writing paper to register the names he is going to give me, with an urgency in me to warn the people, I am thinking of what to tell them.

**The Lord gave me the knowledge and the understanding that there is going to be famine next year.** I felt "I am Joseph" in the time of the Pharaoh of Egypt. I felt the burden of responsibility taking care of the people. I strongly felt, **it is about the life of people**, not money and was given an understanding that I needed to be careful looking the work of this responsibility in the future.

I am asking the names of the community leaders but the farmer is ready to give me the names of all the community leaders beyond the boundary of the state. I felt and asked in my thought "the names of the big city too?" thinking of the Capital city of the "country" I had in mind.

Scrambling for paper I woke up and urged to write this right after I saw it.

There is no understanding as to how the famine comes to be, but a strong urgency to warn.

It looks so real, my dream is like it is here-real.

Take what you hear and read to the Lord for the truth.

Lord have mercy.

*Amos 3:7 King James Version (KJV)*

**Surely the Lord God will do nothing, but he revealeth his secret unto his servants the prophets.**

*Ezekiel 33:6 King James Version (KJV)*

But if the watchman see the sword come, and blow not the trumpet, and the people be not warned; if the sword come, and take any person from among them, he is taken away in his iniquity; but his blood will I require at the watchman's hand.
