

The Destroyer Is Near.

McKana, August 30, 2019

The Lord has revealed the destroyer for me in three different dreams and visions. The first one was way high on the sky. I was not sure what I was seeing (July 22, 2018 2:00 AM). The second time, I saw this incoming planet, a big planet, very close to the earth (May 7, 2019 1:45 AM). The second vision gave me a good understanding and startled me enormously. The third time, just today, is surprisingly alarming, very close and heading to have a close encounter with planet Earth (August 30, 2019). The third vision is not only a vision but has additional messages.

Many have given their account of what the Lord has revealed to them. This is a confirmation of what others saw. What we have seen is scriptural. Here are the three messages starting with the latest.

The Destroyer Is Near. Very near.

(Vision of August 30, 2019 10:15 AM)

Three points:-

1. It has been here before(in the history of Earth)
2. It is coming back again.
3. It is near, its effect is being felt.

I am very very tired. I am not thinking anything, only want to take a small rest. In a sweet, half awake half sleep, while sitting, drifting to good rest:-

In a distance, I see two planets close to each other. I am watching this vision very much far away from the plants. Both suspended way high up in the wide outer space. I see a blue planet in close proximity to planet Earth, soil colored earth. It is in an almost coalition course, very closed and almost there, too near. From what I see, the soil looking Earth is to the right hiding a small section of the blue planet. From my view, **it is too close** as if it is about or is to touch the Earth. They look almost touching, overlapping. I don't see any space between them. **The understanding is, this planet has been here before, close to Earth.** In the current encounter, the effect is already being seen. Now, my view is from the Earth. I see a flame coming out of the sea, a **volcanic eruption, a column of fire from the sea.** I see it rising to the sky from the middle of the sea on my right hand side. The disturbance in the currents of the sea. More over, strange as it is, I came to understand, this approaching blue planet has an impact on the psychology of people too. How?, I don't know. That is what I understood. The psychology, mental status and health of people is being affected in a bad way.

In this vision, I felt an out of Earth, heavenly, divine atmosphere, smooth vision, depositions, thoughts and understandings. No sound, no voice but vision and understanding.

I remember seeing other dreams about this incoming planet. **Now, it is coming, approaching nearer.**

Vision of Wormwood/Nibiru/Planet-X/The destroyer!

Much closer and very huge.

(May 7, 2019 1:45 AM)

At 1:45 AM

I just slept after a disturbed moment. I didn't even sleep for 15 minutes. In the sweet drift to a deep sleep, I see, to the South East, sort of flaming light at the center, a separate object in front. On my right hand side (I am facing North), to the South East, $\frac{3}{4}$ of the full rim of the sphere of the planet came to view from nowhere. It is a big planet, much closer. I see the center and $\frac{3}{4}$ th of the planet. The rest is way down to Earth. I was shocked and woke up shouting 'Hay!!!'The closeness of this huge planet is what alarmed and shocked me to shout and wake me up of my sleep. Now, I started thinking about what I saw and wondered about the color of the planet. The huge planet is visible from the rim of the sphere, clear except at the flaming center which I saw first. The flaming thing I saw first is a separate object then the planet but my focus was on the planet.

Time is up!!! End of Times!!!

(July 22, 2018 2:00 AM)

I see a planet on the sky. It looks so real. The planet looks light Blue. I was watching what is to follow. The planet looks to appear as a clock, rectangular with four distinct sides. I see the clock with the arms and the numbers. I see the clock in good condition, with light and one of the arms in clear intense red color. I can't see clearly what time it is but the red arm is much closer to the 12:00 O'clock position. We are in a ditch, someone I know is talking, very knowledgeable, kept talking. He didn't give me a chance to speak. Then, I see in a distance, houses, a street, ruins, the seen is in chaos and destruction. Two little girls came running to us, very frightened. The person who is talking is their much older brother. He loves the two girls dearly.

He received them one after another with his outstretched arms, lifted them up and gathered them with us in the ditch. I looked back to the clock, it came down to the ground and now it is posted by the side of the street. The same clock. This time, it doesn't have arms, it doesn't have numbers and more over, it is dim, no light. **Time is up!!!**

Planet-clock, coming down. It is the time for the planet to come down to earth. Destruction , Chaos follows.

[Ezekiel 33:6 \(KJV\)](#)

But if the watchman see the sword come, and blow not the trumpet, and the people be not warned; if the sword come, and take any person from among them, he is taken away in his iniquity; but his blood will I require at the watchman's hand.

[Isaiah 48:3 \(KJV\)](#)

I have declared the former things from the beginning; and they went forth out of my mouth, and I shewed them; I did them suddenly, and they came to pass.

[Numbers 23:19 \(KJV\)](#)

God is not a man, that he should lie; neither the son of man, that he should repent: hath he said, and shall he not do it? or hath he spoken, and shall he not make it good?

[Revelation 8:10-11 \(KJV\)](#)

10 And the third angel sounded, and there fell a great star from heaven, burning as it were a lamp, and it fell upon the third part of the rivers, and upon the fountains of waters;

11 And the name of the star is called Wormwood: and the third part of the waters became wormwood; and many men died of the waters, because they were made bitter.
