## Isaiah 46:11-12(KJV)

11. Calling a ravenous bird from the east, the man that executeth my counsel from a far country: yea, **I have spoken it, I will also bring it to pass; I have purposed it, I will also do it.**

12. *Hearken unto me, ye stouthearted, that are far from righteousness:*

Since we have a lot to read, follow up and prepare, I am writing a short, concise summery of the visions I have seen in the last two days. As usual, take everything to the Lord in payer.

### Three visions, one after the other.

(Visions of July 15, 2020 11:00AM)

#### 1. The Coming, the Children Ready.

I see a dark day with ominous frightening dark cloudy sky and people in confusion and chause, a changed environment. Then I see light, bright light above the clouds and saw outstretched arms of Jesus. In the ground, I saw many young people, dressed colorfully, calm collected and peaceful, humbly waiting. **The children of the Lord are separated safe and Ready.**

#### 2. The tunnel, the armed and the crocodile.

I see a tunnel, no light but enough to see. I see rows of armed soldiers, dressed in dark, wearing helmets, moving cautiously forward with their guns pointed, hands on triggers, ready to attack. It is an undergrounds tunnel. I flash vision. Then, in front of them came, from the right side, a green gray crocodile with frightening yellow eyes. The croc. is almost at the outlet, his head and neck are almost out from the entrance of the tunnel while the dark dressed lined up army in the narrow tunnel is behind it. They are in single file, I saw this very, very clearly. What are they?

#### 3. The Bank, the Airport shuttered.

It looks like a bank, it looks like an airport, it is one after the other, I saw both. First was the bank(knowen bank) and then the airport. In an instant, all the people evacuated in a rush and the place is left empty, nothing in it. Something happened and they are leaving the place in an emergency evacuation. No guns, no explosion, no fight but a frightening thing happened. I understood it is a pandemic, a frightening type. The people are there and they are no more there in an instant. They left the place empty. I see their legs, many of them rushing out fast almost a stampede level, all in big number. I see the airport, front desk, the partition pols, the long separation ropes and some stands in a regular airport and the clean, shining floor, empty, empty. The banks and the airport shuttered. I saw this very clearly.

I questioned about who and what the armed soldiers with dark dress are. The answer come:-

### War and Pandemic.

(Revelation of July 16, 2020 1:15AM)

I saw many of us attacked and chased to the woods and the wilderness with the same dark clothed armed soldiers. They are Iranian soldiers, chasing to kill us. We ran for our life and kept hiding, in the wood, the grasses, then in a room. In the middle of this, I saw

1. In a distance many people die instantly from a new pandemic, bigger and wider in scope. They got infected, didn't last long and died shortly. The people are noticed of a killer pandemic. Fear and panic and death. I am not close enough to see the nature of the killer infectious pandemic.

2. I saw myself developed a blister in my neck and my skin fall in my hand. There was fear, people keeping themselves far apart concerned of the infection.
