

## **Engineered.** (Part II)

McKana, July 12, 2020

### **Jeremiah 23:24 (KJV)**

Can any hide himself in secret places that I shall not see him? saith the Lord. Do not I fill heaven and earth? saith the Lord.

### **1 Corinthians 2:10-16 (KJV)**

But God hath revealed them unto us by his Spirit: for the Spirit searcheth all things, yea, the deep things of God.

### **1 Corinthians 13:9 (KJV)**

For we know in part, and we prophesy in part.

-----//////////////-----

This next revelation is about the continuation of “**Cloning in progress.**” (*MCKANA*, JUNE 20, 2020. <https://444prophecynews.com/cloning-in-progress-mckana/>), the genetically engineered work of the evil in the hands of the wicked. From what is revealed and I understood, this coming, next on line is the same work of the evil as in the past. The same technology and the same engineering work from the same source/people and the same place/region. In the earlier vision of **APRIL 8, 2019 6:30AM**, (**Cloned-Genetically Engineered!**, APRIL 17, 2020 12:23 PM, *MCKANA* <https://444prophecynews.com/cloned-genetically-engineered-mckana/>) I have no idea of what I was seeing except cloning/genetic engineering was evolved. This time, it is a repeat, the cloning, the effect on humanity, with the continuation, second phase of the cloning process. Here again, humanity is about to encounter/face what is genetically engineered. A warning for the faithful, as for the skeptic won't even believe what they see.

## **The genetically engineered next pandemic.**

(Revelation of July 12, 2020 3:30AM)

This revelation has two parts

1. The same as what I have seen before with little difference.
2. The explanation and detail of the above(#1) based on what I know in life.

### **Part one.**

I have seen many smaller details but even if I try hard, I can't remember all. Like the revelation of the cloning of Covid 19 I saw in early 2019s, I see the same setting. It looks this cloning is done in the same place/people and is out to the community. This time there is a sense of tension, intensity and chaos among the people. I see people running around in fear and chaos. The details, I tried to remember but it is the same frightening situation like what I saw earlier. Last time, I saw the shops shuttered. This time I saw chaos, people running around in fear. I saw three aspects. The people involved in the cloning, the process of the cloning explained below and the effect on society in creating fear and chaos.

### **Part two.**

In the second vision of “Cloning in Progress” I saw two separate “gens” in the lab, run by a Chinese lab tech. In this revelation, the explanation and continuing process of the cloning is revealed.

In this second part, in an effort to explain how the two gens are cloned, I see myself digging on my laboratory notes. From my notes, which has many organized and smaller notes, I see clearly the work of cloning two gens in one.

From my file, I am showing and trying to explain to some one I know standing by my right side. I see details of my note with many pages of notes of cloning two gens in one. Since I have done many works in this field, I remember every detail and didn't want to go through the notes but explained to my friend about the cloning process. I see a circular expressing vector (plasmid DNA) with the two cloning sites and explained to the person next to me how it is done. Concerned with revealing the industrial secret of

the cloning, I kept many details and gave few mysteries of the cloning of the two gens. Normally, DNA strands are not visible with the naked eye, In this revelation, I see the circular plasmid DNA, two thin strands of the DNA in one of the cloning site and the whole circular plasmis DNA with no visual aid. From what I see, the focus is in one cloning site on the plasmid, implying the two gens in one site ie fused.

#### Interpretation

- 1.The soon coming pandemic is genetically engineered.
- 2.It is out in the population as seen in this revelation.
- 3.It has created fear and chaose among the already frightened people.
- 4.The genetic engineering process is detailed.
- 5.It involves two gens, which can be fused as a unit.
- 6.The clarity of the cloning process is like coved 19, evolves two separates gens, most likely fused through the laboratory genetic engineering manipulations.

Regardless of the lack of knowledge of the details, we see in part, the next pandemic is also genetically engineered in the laboratory in Chine(Bioweapon?). Whether the same people and the same place doesn't matter. The point is, it is Made in China.
