

The Economy Has Collapsed-Final.

McKana, September 3, 2020

Isaiah 46:10(KJV)

Declaring the end from the beginning, and from ancient times the things that are not yet done, saying, My counsel shall stand, and I will do all my pleasure:

The Economy Has Collapsed!

(Revelation of September 2, 2020 5:00AM)

I woke up at 2:00AM, was up until 4:30AM. I can't think of dreaming about anything but begging for a small rest. The news about the economy is far away in my mind. Since I have given what the Lord has revealed for me, I was not expecting any more and I was not in any intension of releasing this repeated warning.

In this clear very realistic dream, the economy has collapsed. Every one is surprised saying what happened? It was sudden. I am in the middle of very busy traders of the stock market like the traders on the floor of the New York Stock Exchange. The environment as a whole is very tense, not at ease. We looked for the news. I searched for the stock market, no result, tried two times. I searched for Dow Jon's Industrials, here it is. I checked the stocks, no data, as the trading has stopped. No numbers, left blank. All in shock, no sign of what happened. It was sudden, sounds so real.

This dream is the continuations of the last two dreams/revelations from the Lord posted in this website.

This is one of the last warnings. Get your house in order.

Repent! Repent! Repent!
