

# This winter of 2020

McKana, September 7, 2020

Bearing in mind the weight of the prophecy, I have been strongly praying and asking about one specific question. I did this request since 2015. As I have posted this prophecy a number of times and the answer I received from the Lord, **I am compelled to post this short summery** of the prophecy you have already seen. My question was, "When is the first winter of Sarah Menet?" The Lord in clear terms gave me the answer few months earlier saying "**This Winter, there you have it.**"

**There is no better way of warning other than repeated warning.** This short summary gives what is to unfold before and during this winter of 2020. The rest of the prophecy is given at the bottom for any one interested in reading the whole content. This is an old prophecy. What we have been hearing in the last two three months from many sources is the same. The Lord has been speaking for a very long time for those who listen.

Take everything to the Lord and see it together with the recent prophetic words.

## 1<sup>st</sup> Winter of 2020

### 1. Nuclear war.

I am not familiar with the geography of the world, but as I looked at the various lands before my view I instinctively knew what countries they were. Looking at the **Middle East, I watched as a missile flew from Libya and hit Israel. The mushroom cloud that resulted from the blast was visible,** and **I knew that the missile contained a nuclear bomb.** I was aware that those **responsible for the missile were Iranian,** but the missile had been hidden and fired from within the borders of Libya

- Almost immediately after this, other missiles began flying from one country to another, quickly spreading war around the world. I also saw that many nuclear explosions did not come from missiles but from bombs of some kind on the ground.** My focus then changed from the Middle East to the United States, and I understood that I was about to see some of the things that would lead up to the nuclear holocaust that I had just witnessed.  
-**Global,** from one country to another throughout the world.
- As I looked upon the continent of North America, I zeroed in on the eastern coast and then on **New York specifically. I saw New York City with all of its people and buildings.** I then saw some tall **buildings crashing to the earth surrounded by tremendous amounts of smoke, dust, and debris**
- The next thing that came to me was more felt than seen. It was the understanding that shortly after the crashing of the buildings in **New York City, commerce ceased.** Shopping and buying seemed to stop, and **the economy failed throughout the world.** Few had any money at all, and those who did have it could not buy anything of worth with it. Gold and silver and other commodities had value and could be traded
- I then saw a man walk into a middle of a crowd of people and drop what seemed like a quart jar full of liquid. The jar broke and the liquid spread. I understood that people nearby had become infected with a disease from the liquid, and they didn't even know it.** A **day or two later the people became sick and started dying.** I saw that this would happen in four particular cities: **New York, Los Angeles, San Francisco and Salt Lake City.** The disease **started with white blisters, some the size of a dime, appearing the hands, arms and face of the victims. The blisters quickly developed into white puffy sores.** Those with the disease would stumble around and fall over dead. **Many died within a short time, perhaps 24 hours.**
- I also saw other people with a flu-like virus that spread more quickly than the first**

disease. **The victims had blood coming from their nose, mouth, eyes, and ears.** These people died even faster of this disease than the ones who had the first sickness. **These diseases became wide-spread across the United States with hundreds of thousands infected.**

7. While I watched all this happening in the United States, my view instantly jumped back to the **Middle East, and I saw the same thing taking place in Israel. The same sores and the same types of sickness and disease that were plaguing the U.S. had also been unleashed in Israel**
8. **Electricity had failed** everywhere and that nothing was running throughout the country, **including any of the communication systems.**
9. The switch in view only lasted an instant, and I was back in the United States. **There was a tremendously long winter that caught everyone by surprise** following the siege of sickness. **It started early and lasted into the summer months.** A famine had begun over the few years leading up to the long winter because of storms, droughts, floods and other plagues that had taken place; and the abnormally long cold period seemed to cause the famine to suddenly increase to its full measure.

**In the period of time following the disease, which was quickly followed by the long winter, things started going down hill very quickly. Events piled up one on top of another without any breaks.** My sense of timing was not very clear at this moment; however because I was seeing several things happening all at the same time or very close together.

10. **During and after the long winter, the disease spread everywhere and increased in severity. The economy and the electricity were completely gone. Chaos and anarchy reigned over the entire United States. Without any government there was a total breakdown,** and I saw people panicking everywhere. **They were trying in vain to find food.** There was none. I saw people even digging in the ground for worms to eat because they were so hungry from the lack of food.

**Also, during this time I became aware that there was very little drinking water, and the remaining water had become contaminated,** so that if a person drank it they would contract the disease and die. **Because of their great thirst many people drank the water in spite of the danger of poisoning and died.**
