I received the following words while I was in intimacy with the Lord after 5:00AM this morning:

China:

China used to be a stoic underdog on the world stage, but now her ambition is growing and wants to be the world's leader.

I will raise China greatly, and make her my instrument for judging the world.

Taiwan:

I AM set the bounds of the people according to the number of the children of Israel.

(Deuteronomy 32:8 When the most High divided to the nations their inheritance, when he

separated the sons of Adam, he set the bounds of the people according to the number of the children of Israel.)

In My eyes, this is an independent country, the war China is about to wage against her is not a recapture but an invasion.

I have blessed Taiwan for the sake of the Gospel , but now she has departed from My path and done what are the abominations in My eyes.

Any war for territory, resources, power is an abomination to me.

War is cruel and the blood of countless of the innocent people were shed.

The blood in the ground cries out to Me from the earth at every moment, through the ages and generations, ask Me to avenge their blood.

Vengeance is mine; I will recompense; I am the Lord of recompense.

Pakistan, India and China:

Pakistan is just a pawn of China's robbing territory and resources.

Vaccines and the mark of beast, and the pandemic:

The mark of beast is a combination of the vaccine and the chips.

Anyone takes the vaccine becomes a hybrid, a killing machine, a zombie, so does the chips.

Anyone takes the vaccine and the mark of beast will be lost forevermore.

The pandemic is about to break out on a full scale. Because of My mercy, I have held it back to let more people to have more time to prepare, but how many have listened? I will not hold back any more.

Comparing with the first one, this next one will be so much worse, no country in the world can be spared from it.

A large number of souls will fall into the pit of Hell because of this, do not cease praying for the lost, I desire all to be saved, no one to perish.

The United States:

The great Babylon is about to fall, in one hour.

I have loved her so much, but she walked away from Me, turned her back on Me, drove Me out of every aspect of her life.

I AM gone, there is nothing can stop the enemies from doing what they want to do to her.

The judgment begins in the house of God.
