Walk With Me

I was praying, then asked the Lord what He thought about these things, after being quiet in my heart, I heard, This world is growing darker and more evil each day. Very few of those who love Me, realize how bad and wicked this world has become. I will reveal this to those who come to Me, yes, those who love to be in My Presence. They must understand and be aware of the plans of the enemy. My Word is true, for they have come to steal, kill and destroy. Those who love Me and serve Me must realize this, and they must pray for protection daily. They must put on the Whole Armor Of God each day before they go out into this ungodly world. As they walk with Me, I will walk with them, and lead them in the way that they should go. Those who are mine, must always be sensitive to the leading of My Spirit. Tell My People, that they are the light of the world, and they must share this light and love with others. My People, always be aware of your surroundings. Because the wicked one and those who follow him are planning a devastating attack on those who love Me and serve Me. You must be aware of this and always be on guard where ever you go. I will protect those who are Mine. But those who know My Name, but don't know Me, will be caught unaware, and many, many will perish, along with the lukewarm. Wake up people, for the end of this evil world is at hand. My people My righteous and holy ones, I love you! Seek My Face with all of your heart. I will never leave you, I AM at your right hand, You have not been given the spirit of fear, so do not be afraid or fearful at what is coming. Remember, you are the light of this world, so let your light so shine before men, that they may see your good works, and glorify your Father in Heaven. Hear Me! Let your righteousness prevail! For you are Mine, and We, together have a job to do. We must go out into our world and preach the gospel to all that will hear. Yes, you can preach. You are preaching the Gospel when you walk in love to all you see and talk to daily. Yes, share Me, and what I have done for you with others.

I AM your King, your Savior, your Redeemer, and your Healer,
I AM YAHUSHUA
