

## The Fragrance of the Father.

McKana, November 28, 2020

### Deuteronomy 18:13 (KJV)

Thou shalt be perfect with the Lord thy God.

### 1 Peter 1:16 (KJV)

Because it is written, Be ye holy; for I am holy.

### Ephesians 5:1-2 (KJV)

1. Be ye therefore followers of God, as dear children;
2. And walk in love, as Christ also hath loved us, and hath given himself for us an offering and a sacrifice to God for a **sweet-smelling savour.**

-----//-----

The word from the Lord given to our Sister, Handmaid of the Most High, is what prompts me to write this testimony. The wonderful, sweet, perfect Fragrance of the Father, the sweet-smelling of our savior is felt when the Lord approaches us, not always but some wonderful days. Through prayers, praises and songs and faith, making the Lord happy, the sweet-smelling of our everlasting Father is there for all of us as it is written God is for us. Even if it is dark here, there is light, beauty and wonders beyond the skies, up yonder in the Kingdom of heaven. Remember, we have our loving Father in Heaven.

## The Fragrance of the Father.

(April 3, 2018 8:30PM)

I finished my prayer and a short period of songs of praise. I came out for fresh air to see what the night sky beholds. It was misty with tiny droplets of water.

I smell a wonderful fragrance. I tried it again, took deep breath. The air is filled with fragrance, the sweet Fragrance of the Father. It smells like a mix of high grade perfume, the beautiful smell of flowers, hard to describe in words. I stayed breathing it for a while, praised, glorified our loving God.

This is not the first time. Years ago and once in a while, when the Lord is close to me, in my prayer and other unexpected times, I smell the same beautiful fragrance. That is Him, the Lord of Glory, God Almighty. Those who have experienced it know it well.

I shared this with my friend, sadly passed two years earlier, who had the same experience.

## The Fragrance of the Father again!!!

(April 14, 2018 9:00)

### Miracles do happen!!!

The day was a day. One of those days. I was very upset, complained, grumbled and said things I shouldn't say. It was hard for me to pray, to sing but I resisted the evil temptation. I prayed, heard few regular Psalms and sounded the shofar loud. I combined Psalm with the shofar and a miracle happened. I am transformed. I felt healthy, darts, curses, bondages removed and broken, Grace came and did wonderful miracles. I kept singing my regular songs, felt very good. I prayed again, repented, asked for forgiveness and forgave those who sinned against me and praised the Lord.

I came out for fresh air. What I got was a heavenly treat. The air was filled with the Fragrance of the Father. I breathed, praised, breathed more and praised and enjoyed the fragrance, purity and holiness of the Father. The beautiful smell of purified perfume, flowers, indescribable beauty of heaven filling the air. It is hard to describe. The best way is to experience it for self, try.

This is the second time in ten days and the many times I have experienced when I pray.

Our Father is Good. God is wonderfully good. I am no one but God loves His little children. I am, through the price paid by Jesus, one of the little children and friends of God.

God is irresistibly loveable for He is God of love and perfection

Hallelujah

### **The Wedding supper of the Lamb, Ready.**

(July 10, 2018)

I hear, "I will take you and show you ---."

Then:-

I see beautiful ladies, wearing beautiful long dresses, aprons in front, holding trays by their hands over the left side of their shoulders with something on it (edibles) and dance-walking with happiness in line forming a semicircle. The whole surrounding looks beautiful. I want to see everything, before I have a full glance of the heavenly seen, I turned to the right to see the beautiful surrounding. Someone said "not the other sir, here" guiding my view towards where the beautiful ladies are.

Before I have enough of it, it is over as usual-Just in a second

It looks everything is happening right in front of the place I live in the field

Heaven is beautiful, **The wedding supper of the Lamb is ready!**

Hallelujah, Amen

-----AND-----

### **The Stink/ stench of evil.**

This word from the Lord, posted today is what prompt me to write this testimony:-

"I tell you, their sin, it is something I can hardly stand to watch." ---"It has an odor of human waste, excrement of the worst scent. It is strong, powerful, bold and even with the passage of time, it lingers and does not diminish because their pridefulness fails to diminish. In fact, for many it is getting more strong! Imagine how the collection of these odors from many souls, billions upon billions reaches my nostrils day in and day out!" (<https://444prophecynews.com/the-hammer-of-the-lord-is-come-to-america-babylon-usa-handmaid-of-the-most-high/>)

It is true, sin and evil stinks. The Fragrance of the Father is once in a long time, very dear and precious. The stench of the evil is here always with us till departure.

I have encountered, awake and in dreams/vision many countless evil spirits, in kind. Many countless times, I smell a terrible, horrible odor. It is choking to breath, unbearable. Think of the odor of the stench of thousand of dead rats combined in one. I smell this horrible choking odor when the evil spirits swiftly pass by on their mission. I smell the same odor when they speak, I smell their terrible odor when they approach in hiding. Sometimes, their stench awakes me up from my sleep. The devil, Yes, the demons yes. What is surprising is the sinful, the evil spirits, the wicked spirit stink like those thousand dead rats.

### **This is what the Lord is telling us about the offensive stench of the world reaching His Throne.**

For those who are close to the Lord, understand what the Lord feels and notice from His voice. Some of us have a first hand experience.

While they are among us, how do we survive this unbearable odor? The answer is the protection of the Lord. Had it not been to the grace and protection of the Lord, the stench of the world, the evil and wicked spirits could have sicken and killed us by now.
