YOU CRUSHED THE HEADS OF YOUR ENEMIES!

Father, I've been praying in the Spirit, but it seems like nothing is being done, or that I didn't get anywhere. In my spirit, I heard, NO, YOU CRUSHED THE HEADS OF YOUR ENEMIES! As you pray in the Spirit, your prayers avail much! Be steadfast, immovable, always abounding in the work of the Lord! I AM with you even at times when you feel like I AM ten thousand miles away, I AM there. Don't let those feelings bother you or distract you, because much is being accomplished in the Spirit as you pray. Know, that when the enemy comes in like a flood, that the Spirit of the Lord will lift up a standard against him. So speak My Word in the authority that I have given you, and every time, speak in the authority of My Mighty Name! The Name above all names, Yahushua, and the enemy will flee! There is power in My Name, never forget that!

You do well to always cover your family and loved ones with the precious Blood of Yahushua. For they are well protected from the assaults of the enemy. I AM your refuge and safe haven, but I will be changing your location soon. Seek Me diligently for My soon coming instructions. Your answers will come as you continue to seek Me in prayer and in praise. Set aside a time for Me and stick to it, like Sue does. Then I will be there and meet with you daily. We will talk about things concerning your future. Don't let the daily busyness of things keep you from Me. I AM waiting for you in your secret place. Come meet with Me, I will show you things to come. Harder times than what you are experiencing will soon come upon your nation and the world. By being in Me and One with Me, you will be prepared for what is coming, for I will be with you! Don't fear the Corona Virus, or what is coming after this, for nothing will harm you or Sue, or anyone who is One with Me, for all will be protected in Me.

Continue praying for your family, for they are not where they should be with Me. As you and Sue pray, it is your prayers that are protecting them. I will meet with you later. I AM looking forward to us being together even more that you are. See you soon, rest in Me!

Yahushua, Your Very Soon Coming King!
