The Shaking, the Darkness and the Three Supernatural lights.

(Revelation of February 5, 2021 1:30AM)

An hour and a half after I slept, I saw this. I walked into my bedroom to find my bed dress fallen on the floor as if the bed is tilted. I felt there is some evil force which did this. I am holding my fist for a fight and shouted, I know you are around, you want a fight, come out, come on! I tried to put the bed dress back but the earth shook. I feel the walls rattling. I started praying mentioning "In the name of the Father, the Son, the Holy Spirit" I started staggering, looked around to find my pants, unable to stand still. I felt, this is the end, from the way I am staggering unable to stand. I laughed at myself staggering but this is very serious. I tried to turn the light switch on, no light. I tried another switch, no light, it is dark. In the middle of the darkness, **I felt and thought this is the three days of darkness.**

All of a sudden, while I am standing bewildered, **a light** is on from the left side of my feet, by the bed. I didn't move, I didn't touch anything. I can see a little, the ground. Then **another second light** is on from the wallet pocket of my pant on the top of the drawer next to the bed. **Then a third light is on** towards the wall next to the bed. There is light, **there are three lights**. This is not a normal light, the light from the Lord, supernatural. Knowing and understanding this is the miracle work of the Lord, I am relieved and felt safe but the outside is not normal.

The three supernatural Lights.

1st **Light** - Supernatural light for my feet so that I don't stumble.

2nd **Light**, from the wallet pocket of my pant- I keep the name of the Lord "EISHADDAI" in my wallet for over seven years, written on white on a metal plate like a medal kept on ones chest. It has its pin to put on the chest but I kept it in my pocket. This is to let me know that the lights are His works of miracles.

3rd **light** -Supernatural light for the room.
