

## **“Five minutes to disaster”!!!**

McKana, March 9, 2022

### **2 Peter 3:8 (KJV)**

*But, beloved, be not ignorant of this one thing, that one day is with the Lord as a thousand years, and a thousand years as one day.*

-----/-----

The revelation says “five minutes to disaster.” Since the Lord gave me this message in August 25, 2017, it will be five years in August 25, 2022. The five minutes turn out to be five years. What I thought was five days. One day after I saw this vision, North Korea fired three medium range missiles to the ocean. The news had it that, on Sep. 3, 2017, A magnitude 6.3 earthquake in North Korea early Sunday was the result of the country's sixth nuclear test, a hydrogen bomb tested underground. On that day, I saw the earthquake on the website of USGS and felt very strange to see a 6.3 earthquake in an area where there has not been an earthquake in recent history.

Almost after five years, this year alone, North Korea conducts its ninth missile test of 2022. The world has ignored North Korea but that country has moved fast in developing long range nuclear missiles which can strike anywhere in the US.

Many have seen this message and another message posted few weeks ago about Kim Jong-un wanting to talk. Are we paying attention?

After five months, it will become five years. The five minutes turned to be five years. Is this the year for the disaster? God knows.

## **“Five minutes to disaster”!!!**

(Dream-vision of August 25, 2017 3:00AM)

Towards the East, I see two groups facing each other to fight. They look civilian, with no arms and there is a field between them. They are about to confront each other. I am running fast, as fast as I can and my brother in front of me. I am telling him, I am enough, I can take care of this and we stood in the middle of the two groups to stop them

Then the scene changes and I am facing Kim Jong-un, the current leader of North Korea, with one or two people by my side, all of us leaning on a table like having a chat. Funnily, I am telling Kim, like a friend “I am Denis Rodman, your friend but I look better than your friend.” With his usual forced smiles and black dress, he smiles and we shook hands. Then, I told him “***If you shoot, what you shoot is going to hit you back***” and I am pointing to him with my hands. I pointed my hand like a hand gun and pointed directly to his forehead, friendly and told him, “***If you shoot, they will shoot you like this***” and he is no more in front of me. Very strange.

Then I see a calendar showing rows of days on the ground. **I see next week**, looks normal but **the week after next week, the days shine like golden yellow , if something is coming in those days**. Then I saw three human like beings from their back. **They are bright, bright light but in human shape, they walked towards the East, to the end of the world, calm, one on the side of the other,** I didn't see their face, they look older in age, walked gently away from the area. They are not humans, they are dressed with light. Then I heard a voice say **“Five minutes to disaster”!!!**

The calendar shows **“a week after next week” and the word “five minutes”**- A day a minute and then disaster, **five days???** God knows, Who are the three dressed in lights?

Note

1. On August 26, 2017 North Korea fired three medium range missiles to the ocean.
2. August 26, 2017 10:35PM I heard the voice say-**“The one you saw on the ground was their military”**
