

# The Imminent Pole Shift and The Earth's New Poles.

McKana, November 18, 2022

*Haggai 2:6 (KJV)*

*For thus saith the Lord of hosts; Yet once, it is a little while, and I will shake the heavens, and the earth, and the sea, and the dry land;*

*Hebrews 12:26 (KJV)*

*Whose voice then shook the earth: but now he hath promised, saying, Yet once more I shake not the earth only, but also heaven.*

---/---/---

The Lord has revealed the destroyer for me in three different dreams and visions. The first one was way high on the sky (July 22, 2018 2:00 AM). The second time, I saw this incoming planet very close to the earth (May 7, 2019 1:45 AM). The third time, very close and heading to have a close encounter with planet Earth (August 30, 2019).

From the three Dream-visions and an additional fourth vision posted here as **“Heavens and Earth are shaken AUGUST 22, 2019 MCKANA”** <https://444prophecynews.com/heavens-and-earth-are-shaken-mckana/> I have seen the devastation it brings, earthquakes, volcanic eruptions, tidal waves and destruction in the cities. I have given a good account of the incoming meteor as revealed to me.

With a big planetary object-Wormwood sited here as the destroyer, coming in close proximity to planet earth, the pol shifts and the destructions it brings are beyond human imaginations. Know about it before it comes and make yourselves ready in every way possible for this grand event. Before or after the rapture is for the Lord to answer.

In conclusion with few testimonies from our Brethren, I have outlined as above, the close/approximate positions of "The New Poles." This is by no means perfect but given to make the point that the reality is imminent, close and coming. In the eyes of this reality, their theory of "**Climate Change**" is long dead and buried as the deception of the enemy. Woe Earth, Woe Earth, Woe Earth!

### ***The Earth is Shaken Like Never Before!***

*"On April 7, 2020, while I am awake I saw a vision, something which is difficult to tell. I see our Father from His back at the very far end of the universe. I see Him high up in the heavens, darkness covers Him but I can see. In an instant, He moved His hand, His right hand very violently. He move His hand from left to right like shaking a ball very, very violently. I understood He is shaking the Earth like it has never been shaken. The whole earth, in the palm of His hand like a small ball, less than a basketball, is shaken instantly and violently. It is like turning a switch of a light on the wall, from left to right but it is the earth, Almighty God shaking the Earth like never before."*

### ***The Destroyer Is Near. Very near.***

(Vision of August 30, 2019 10:15 AM)

Three points:

1. It has been here before (in the history of Earth)
2. It is coming back again.
3. It is near, its effect is being felt.

*"I am very very tired. I am not thinking anything, only want to take a small rest. In a sweet, half awake half sleep, while sitting, drifting to good rest:*

*In a distance, I see two planets close to each other. I am watching this vision very much far away from the planets. Both suspended way high up in the wide outer space. I see a blue planet in close proximity to planet Earth, soil colored earth. It is in an almost collision course, very close and almost there, too near. From what I see, the soil looking Earth is to the right hiding a small section of the blue planet. From my view, **it is too close** as if it is about or is to touch the Earth. They look almost touching, overlapping. I don't see any space between them. **The understanding is, this planet has been here before, close to Earth.** In the current encounter, the effect is already being seen. Now, my view is from the Earth. I see a flame coming out of the sea, a **volcanic eruption, a column of fire from the sea.** I see it rising to the sky from the middle of the sea on my right hand side. The disturbance in the currents of the sea. More over, strange as it is, I came to understand, this approaching blue planet has an impact on the psychology of people too. How?, I don't know. That is what I understood. The psychology, mental status and health of people is being affected in a bad way."*

### ***The Earth's New Poles***

AUGUST 13, 2022 6:49 PM , ANNO.DOMINI.144K

*"Here is a word of knowledge given to me over twelve years ago. I submit it for your review and consideration. Just recently, when I read the posting by Cryptic1 titled "**Patagonia**", the Holy Spirit reminded me of a word of knowledge he gave me about twelve years ago regarding that region at the southern tip of South America.*

*At the time, I had asked God to reveal to me if there was to be a **future pole shift of the planet's axis.** Where would be the regions of the new poles? One morning soon after my prayer request, I heard in the Spirit, **"The new South Pole will be at Tierra del Fuego."** When this shift occurs, the climate of*

South of America will no longer be tropical, but much colder. In fact, the Holy Spirit showed me a vision of the area of Colombia covered in ice and snow, the people struggling to stay warm and feed themselves.

The Holy Spirit then suggested I calculate the antipode where **the new North Pole would be—in Eastern Siberia just north of Mongolia**. In such a pole shift, both Russia and China, in order to survive as nations and protect their people, would have to conquer other territories outside the new polar region, ones that would have warmer climates and arable land. In fact, it is no surprise to me that this territorial acquisition is already underway—by quiet purchase, economic conflict, and covert and overt wars. As if they already about know the pole shift to come, the nations known as the Bear and the Dragon are on the move.”

### **CHANGE IN THE POSITION OF THE POLES AND RUSSIAN PRESENCE PARAGUAY**

AUGUST 16, 2022 8:14 AM, JOSÈ LUIS RIVAS, PARAGUAY

“Interpretation: (after presenting the dream to the Holy Spirit in prayer and asking for the interpretation)

The climate will change in several countries and regions, in **Paraguay it will snow at some point**, it will go from warm to cold.

**The earth’s magnetic poles are moving and will move further, changing the position of the earth’s axis of rotation.**

**It is a warning so that you know what will happen, so that it does not take you by surprise.**

**The change will be gradual (although it will happen in the medium term), according to the approach of the planet comet Nibiru**, which in the course of its elliptical orbit is getting closer to the earth exerting an attraction on it (a greater mass attracts a smaller mass). smaller, like a magnet). This attraction **will bring many changes and movements on earth**, and most people will be confused, not understanding what is happening and not knowing what to do.

**There will be a Russian presence in most countries, as the US does today with its military bases (the US empire is coming to an end). The Chinese will also be.”**
