COSMOLOGY: GEOCENTRICITY IS THE TRUTH

William Brooks posted on May 31, 2024 about Jesuit education/lies. Here is a quote from our Savior in “To The 144,000 and The Tribulation Saints of Jacob’s Trouble – William Brooks” at <https://444prophecynews.com/to-the-144000-and-the-tribulation-saints-of-jacobs-trouble-william-brooks/>

“So I tell you, do not believe the lies of Copernicus, who was a Jesuit and Freemason who served Satan. He simply retaught the words of ancient Greek pagan philosophers. And so your accepted cosmology was imagined by sun worshipers and pagans based on Satan’s lies. Even the blasphemous Jesuits who have corrupted your educational systems with learning against learning. With the full intent that their fake universe may be etched into the minds of men through lies packaged as education. Instead, mindless indoctrination has occurred, and the world as it is truly is not understood by those who live on the earth.

Now the stage is set for very strong delusion and the lies are already built, for its foundations are iniquities and great deception. These deceptions are rooted in your Jesuit educations. For the entire world is deceived by their falsehoods, even the very elect would be deceived if possible. And so the trap is ready to spring and the only thing holding it back is the restrainer which will be removed so very suddenly and soon. ...”

(RT NOTES:) In the early 1500’s, Nicolas Copernicus expressed the belief that the earth goes around the sun. (In the recent centuries before then, most people believed that the earth was the center of the universe and that the sun, moon, and planets moved around it.) While there were various beliefs and systems of what moved around what, the basic idea of Copernicus that the sun was the center of the “solar system” came to be generally accepted. (However, there were scientists who raised serious concerns about this change.)

Eventually, almost all people in “the West” were taught ONLY the Copernican theory and it became a “proof” that the Bible (which most thought taught the sun going around the earth) was clearly wrong. Thus, Christians who stuck with the Bible were considered ignorant folks!

Sadly, most Christians, over time, “caved in” and accepted the lies of the enemy.

I was one of them – never even thought there could be any other explanation than that the earth goes around the sun.

And the mantra of “science” (as Paul might say, “falsely so called”) was used to heap ridicule on all but the most educated and faith-filled followers of Christ.

WHY THIS POST:

This post was specifically prepared for readers of 444prophecynews.com because of posts by William Brooks (especially) and Roxanne. They, from the Lord, have encouraged us to beware of accepting many things we have been taught and taken for granted as truth, when so much this world teaches is false.

As a bit of a testimony, please let me briefly say why this post is offered by me:

About 2008 or 2009, I became aware of a concept called “geocentricity” – that the earth is the center of the “solar system”.

What follows is an updated version of things I believe I was led by the Lord to learn about this matter. I started with many email conversations with a highly educated (science and engineering) man who had written a book and authored a website alleging to prove beyond any doubt that geocentricity was correct. (I am not going to reveal his name.) --He even claimed to have seen several older (19th century?) books in which the authors knew that heliocentricity/heliocentrism was wrong, but they were trying to come up with ways to present it to the public in convincing fashion so that it would be believed. --THAT is much the same as early (19th century) evolutionists planned how to sell their ideas.

I hosted a website called <http://genesis-creation-proof.com> for a few years (about 2009 to maybe 2016). The main reason I finally took it down was that I was asked a lot of technical questions that I could not answer – because I did not have the math knowledge to prove some of what my key sources had told me. (They COULD answer them - and I often referred my readers to them – because they had a masters degree (one of them) or doctorates (two of them) in engineering or astronomy. (My website touched on other creation issues but was started to emphasize geocentricity.)

I certainly want to add my voice to those who have posted here and thanked the Lord for this opportunity: ALL PRAISE TO OUR FATHER IN HEAVEN, HIS ONLY-BEGOTTEN SON, AND THE HOLY SPIRIT for whatever blessing this post may be to any who read it!

BUT ... Given the urgent matters at this moment related to war, economic collapse, famine, and diseases, WHY should this information be posted? I certainly do not advocate anyone (or at least not many!) spending much time on this topic. But this IS a time of DISCLOSURE of many of the lies of the enemy, and I believe what God told William Brooks might well make room for this information – to be one more part of the truth against the enemy’s deception.

USEFUL DEFINITIONS:

Cosmology:

Britannica.com definition:

“Cosmology, field of study that brings together the natural sciences, particularly [astronomy](#) and [physics](#), in a joint effort to understand the physical [universe](#) as a unified whole. ...”

<https://www.britannica.com/science/cosmology-astronomy>

Stanford University offers the following under the heading of “Philosophy of Cosmology”:

“Cosmology (the study of the physical universe) is a science that... has made enormous strides in the past 100 years. ... As recently as 1960, cosmology was widely regarded as a branch of philosophy...”

<https://plato.stanford.edu/entries/cosmology/>

Heliocentrism:

From Britannica.com:

“Heliocentrism, a cosmological model in which the [Sun](#) is assumed to lie at or near a central point (e.g., of the [solar system](#) or of the universe) while the [Earth](#) and other bodies revolve around it. In the 5th century BC the Greek philosophers [Philolaus](#) and Hicetas [speculated](#) separately that the Earth was a sphere revolving daily around some mystical “central fire” that regulated the [universe.](#)” ...

“The heliocentric, or Sun-centred, model of the solar system never gained wide support because its proponents could not explain why the relative positions of the stars seemed to remain the same despite the Earth’s changing viewpoints as it moved around the Sun. In the 2nd century AD, Claudius [Ptolemy of Alexandria](#) suggested that this discrepancy could be resolved if it were assumed that the Earth was fixed in position, with the Sun and other bodies revolving around it. As a result, Ptolemy’s geocentric (Earth-centred) system dominated scientific thought for some 1,400 years. “

<https://www.britannica.com/science/heliocentrism>

Space.com adds to this brief history of thought on the subject, including the following:

“Before heliocentrism was proposed, Earth was thought to be at the center of the universe.

Following the theory of heliocentrism, today we know that Earth, and the other planets of the solar system, are all in orbit around the sun. However, it was once believed that Earth was at the center of what was thought to be the entire universe, and everything revolved around us– literally. This is now known as the geocentric model, while the heliocentric model puts the sun at the center.

[Nicolaus Copernicus](#) proposed the heliocentric model in his work published it in 1543

Geocentricity:

Again, from Britannica.com (Apparently they do not have “Geocentrism” as an entry):

“Geocentric model, any theory of the structure of the [solar system](#) (or the universe) in which [Earth](#) is assumed to be at the centre of it all. The most highly developed geocentric model was that of [Ptolemy of Alexandria](#) (2nd century CE). It was generally accepted until the 16th century, after which it was [superseded](#) by heliocentric models such as that of [Nicolaus Copernicus.](#)”

EVIDENCE/PROOF FOR GEOCENTRICITY:

Listed next are three individuals that have helped prove geocentricity:

Tycho Brahe lived between 1546 and 1601. He was a Danish astronomer who made perhaps the most detailed observations ever, over many years, from the same spot on earth, of the positions of sun, moon, and planets. Some sources have concluded that a careful study of these observations PROVES that the earth DOES NOT go around the sun.

From Wikipedia: https://en.wikipedia.org/wiki/Tycho_Brahe

“ He was critical of the observational data that Copernicus built his theory on, which he correctly considered to be inaccurate. Instead, Tycho proposed a "geo-heliocentric" system in which the Sun and Moon orbited the Earth, while the other planets orbited the Sun. His system had many of the observational and computational advantages of Copernicus' system. It provided a safe position for those astronomers who were dissatisfied with older models, but reluctant to accept heliocentrism.”

Later, Kepler used some of Brahe’s data to discover that planets orbit the sun in ellipses, not circles.

Gerardus Bouw earned a PhD in Astronomy and had a long academic career. He fully supported and taught a geocentric system, with the earth absolutely static. Dr. Bouw apparently founded The Association for Biblical Astronomy in Cleveland, OH. An 821-page PDF titled GEOCENTRICITY: CHRISTIANITY IN THE WOODSHED is available at <https://ia804708.us.archive.org/19/items/geocentricity-christianity-in-the-woodshed/GEOCENTRICITY.pdf>

Just a “teaser” from that PDF: On pages 272 and 273 Dr. Bouw states: “The first recorded heliocentrists were pagans who were aware of the Hebrew scriptures but held them in mediocre esteem. ... The oldest surviving written accounts of heliocentrism are all Greek. By itself, this does not necessarily mean that the Greeks originated heliocentrism; for the germ of heliocentrism can be traced back to ancient Babylon, where it is implicit in their worship of the sun. It thus behooves us to examine heliocentrism’s earliest pagan roots.”

(Dr. Bouw died on November 4, 2023, according to an online Geneva, OH funeral home obituary.)

Malcolm Bowden is an engineer (last I knew, with a masters degree) in the UK. He has written various books and/or scholarly papers on creation topics, and especially on geocentricity.

I was unable to locate his website (perhaps recently taken down – or just blocked by some search engines?) but he has NUMEROUS, very helpful YouTube videos on geocentricity. He seems especially good at taking on what many secular scientists say are errors in scientific experiments – to make them either prove heliocentricity or disprove geocentricity. He is very good at pointing out flaws in the reasoning presented by critics – thus showing that what students in physics and astronomy are taught is frequently the opposite of what the experiments REALLY showed.

If you want to watch some of these videos you might have to try several Internet searches. I believe there are perhaps 40 or so by him on geocentricity, but he also has videos on other topics. I am not sure what to search for to get the best selection. Going to YouTube Main and entering “Malcolm Bowden” will result in many videos not made by him. Adding “geocentricity” might help, and also add “geocentrism”.

Here is an important YouTube video by Malcolm Bowden that deals with Joshua’s Long Day. He includes the fact that Gerardus Bouw gathered some of the ancient-record details and made calculations from them. In the video, Mr. Bowden proves these ancient records were not just myths but true history – because there were multiple records of a long DAY on earth in places including China and India, and a long NIGHT in North and South America. “**Joshua’s Long Day**”

Here is one more – that answers some critics of geocentricity: “**Geocentricity - the unchanging orbits of the planets**” <https://youtu.be/EoI3fKcdINA> (7 minutes 16 seconds)

SCRIPTURES:

Joshua 12:7-14 So Joshua ascended from Gilgal, he, and all the people of war with him, and all the mighty men of valour. **8** And the LORD said unto Joshua, Fear them not: for I have delivered them into thine hand; there shall not a man of them stand before thee. **9** Joshua therefore came unto them suddenly, and went up from Gilgal all night. **10** And the LORD discomfited them before Israel, and slew them with a great slaughter at Gibeon, and chased them along the way that goeth up to Bethhoron, and smote them to Azekah, and unto Makkedah. **11** And it came to pass, as they fled from before Israel, and were in the going down to Bethhoron, that the LORD cast down great stones from heaven upon them unto Azekah, and they died: they were more which died with hailstones than they whom the children of Israel slew with the sword. **12** Then spake Joshua to the LORD in the day when the LORD delivered up the Amorites before the children of Israel, and he said in the sight of Israel, Sun, stand thou still upon Gibeon; and thou, Moon, in the valley of Ajalon. **13** And the sun stood still, and the moon stayed, until the people had avenged themselves upon their enemies. Is not this written in the book of Jasher? So the sun stood still in the midst of heaven, and hasted not to go down about a whole day. **14** And there was no day like that before it or after it, that the LORD hearkened unto the voice of a man: for the LORD fought for Israel.

Proverbs 3:19 The Lord by wisdom hath founded the earth; by understanding hath he established the heavens.

Jeremiah 51:15 He hath made the earth by his power, he hath established the world by his wisdom, and hath stretched out the heaven by his understanding.

Psalms 86:8 Among the gods there is none like unto thee, O Lord; neither are there any works like unto thy works.

Psalms 104:1,5-7,20-24,31-35 Bless the Lord, O my soul. O Lord my God, thou art very great; thou art clothed with honour and majesty. ...
5 Who laid the foundations of the earth, that it should not be removed for ever. **6** Thou coveredst it with the deep as with a garment: the waters stood above the mountains. **7** At thy rebuke they fled; at the voice of thy thunder they hasted away. ...
20 Thou makest darkness, and it is night: wherein all the beasts of the forest do creep forth. **21** The young lions roar after their prey, and seek their meat from God. **22** The sun ariseth, they gather themselves together, and lay them down in their dens. **23** Man goeth forth unto his work and to his labour until the evening. **24** O LORD, how manifold are thy works! in wisdom hast thou made them all: the earth is full of thy riches. ...
31 The glory of the LORD shall endure for ever: the LORD shall rejoice in his works. **32** He looketh on the earth, and it trembleth: he toucheth the hills, and they smoke. **33** I will sing unto the LORD as long as I live: I will sing praise to my God while I have my being. **34** My meditation of him shall be sweet: I will be glad in the LORD. **35** Let the sinners be consumed out of the earth, and let the wicked be no more. Bless thou the LORD, O my soul. Praise ye the LORD.

Proverbs 25:2 It is the glory of God to conceal a thing: but the honour of kings is to search out a matter.
