TOTAL DESTRUCTION OF WEST COAST OF CANADA SEVEN OPEN VISIONS & SIGNS

Feb. 1988, Bangs, Texas – as seen by Joshua Taylor – First recorded from Memory, Sept. 15th, 1993, Jasper, Arkansas

***Prelude:** Before sharing these visions, I feel led of the Lord to relate certain background information relevant to the comprehension and understanding of what shortly is to befall not only America, but Canada as well.*

Up to this point in my spiritual walk, I had not experienced any open visions whatsoever, although the Holy Spirit had revealed various inner visions and other supernatural experiences needed for spiritual growth.

Ever since my initial conversion in a conservative Christian Church in Regina, Saskatchewan in May of 1975, looking back, God surely had His hand upon my life. For the first six years, I listened and intensively studied the foundational teachings of the Word.

From 1981 until 1987, the Lord led me on various missionary journeys across my own country. During this second set of six years, God set me free from previous traditional bondages, and set my feet on higher ground through a greater revelation of His Word. Above all, through my nomadic lifestyle, the Lord taught me to be sensitive to the leading of the Holy Spirit.

It was toward the end of this second phase, in 1985, while attending a spirit-filled summer camp in Rock Lake, Manitoba that the Angel of the Lord first appeared to me. Unknowingly, God was preparing my soul to enter into the final stage of preparation. It was Gabriel who also appeared twice in these seven open visions. Up until this time, I knew in my spirit that the Lord had a call upon my life to serve Him. It was not until Christmas of 1988, that God revealed through the five-fold ministry, that I was not only called, but a chosen vessel as well. Chosen by His mercy! It was during this third set of six years, from 1988 until the spring of this year of 1993, that the Lord stripped me of all things allowing Satan to prove me that I might learn to be faithful. During this time in the wilderness, the Spirit of the Lord led me to seven springs of 'living waters' where I received various aspects of the deeper things of God. All seven of these 'Trumpet' ministries were formerly berthed out of the 1948 revival.

After 18 years of preparation and testing, the Spirit of God anointed my feet to go forth to preach and to minister His word and power of deliverance.

In my spirit, I know that these seven open visions will shortly come to pass. And when they do, America will be shaken as the great and terrible 'Day of the Lord' is ushered in! Although many details of my testimony have been purposely left out, I pray that what God has allowed me to reveal will set a foundation in which to better comprehend these seven open visions. May God receive all the glory and honor. Let each one lift Jesus higher, that the light of Christ will shine forth in newness of life. As of this moment, I had not previously recorded these visions given over five- and one-half years ago. A few details may be lost, but in the intensity in which I received this visitation of the Spirit of God will forever remain.

Pre-Visions-Update to May 3-2022

Before the visions began, I knew that God had brought my wife to me. As of the time of this writing I am yet to meet here. I saw that we were busy working preparing. Working with many others. This may have to do with the coming great EXODUS of the West Coast. To develop the ARCSHIP technology and the portable housing that was being transported by the 5 miles of transport trucks.

Anyway, we were extremely busy, and the time came where everything was under control. And we needed a break from all of the work. I don't know if this was somewhere in British Columbia or in America. It seemed that we were preparing for the exodus. So, my wife and I drove down to Bangs, TX. where David Terrel was hiding a spring revival.

Upon arriving late because of the long drive, I was surprised that the tent was not set up. That the meeting was in the Tabernacle. It seemed to be a Saturday evening. Normally the revival meeting starts on a Thursday evening. When we got there, we had to rest up because we were exhausted.

As we entered into the meeting the place was packed out. It can hold as least a few thousand people. We saw David Terrel on the platform calling for people to line up in a prayer line. Hundreds of people began to line up. We were in towards the back of the line.

When it came time for the man of God to pray for us, he looked at me to stand on the platform and not to move. Then I saw him head into the back room and return with a neatly folded pile of his clothes complete with shoes and suit. He then handed me this pile of clothes and said to go into the back room and change. And not to keep my old clothes. I knew that this was prophetic.

Coming back out on the platform, David Terrel handed me one of his favorite staffs. As he placed the staff in my right hand the word of the Lord came to him, and the Lord said that it was imperative to leave for my own country of Canada. I only had time to say goodbye to my wife. She stayed behind and one of David Terrel's ministers drove me off to Dallas.

I remember looking into the crowd of people that were in the meeting. In their hearts they began to crumble against the Lord. I remember David Terrel get furious as he turned around and tied into them. He said you don't know who is standing here. Boy was he angry with them.

While all this was happening, I was looking into the eyes of the man of God. Something was happening that only be seen by the eyes of the Spirit. It seemed that he was passing his mantle on to me for the work that the Lord had called me to. Only God know. Even as I write this, I still don't know who I am.

I don't know if he drove me all the way to Seattle or if I flew. When the main visions started, I was standing in Port Angeles waiting for the ferry. I could not even stay to finish out the meeting.

Update to Feb. 1988

***After having resided for a season in Texas within a spirit-filled community,
I was in the process of saying my farewells
prior to departing back up into my own country,
when the 'Spirit of the Lord' f***

The Spirit of the Lord fell on me as it did Ezekiel

The home of the elderly sister whom I had the privilege to help build, was still a shell on the inside with sheets for walls. Early that morning in Feb. of 1988, I awoke at approximately ten minutes to six to use the restroom. My mind was yet half asleep as I felt my way back to bed in the pre-dawn darkness. There was no indication that God was about to move to open up the windows of heaven, to pour out seven open visions lasting for 45 minutes. These visions would not only affect my life in times to come, but would affect all of North America!

It was precisely six a.m. as I lay back down on the davenport. To me, this was just another morning. Nothing unusual. As my body touched the bed, I instantly became slain as the Spirit of God came in like a wave with such force, that it caused my body to roll over on its right side! Unable to speak, or to move or even to think, with my eyes wide open, the Lord took my soul into a future time and place. God had not just opened a door that I might witness with the eyes of the Spirit of things to come, but He also quickened all my natural as well as spiritual senses of perception. I lived and breathed and felt all that was in and around me. Seven times the Spirit of the Lord came in like a mighty wave, causing my body to rollover from one side and then to the other. Each time one vision ended; another began. For a full year after having these seven open visions, I had to learn to live with what God had revealed in order to retain my won sanity and frame of mind.

VISION # 1 In the vision, I had returned to Texas to fellowship with the brethren I had previously become acquainted with. For no apparent reason, God cut my visit short and opened up a door to return back to my own country. It was imperative to leave immediately! The next morning, I remember boarding the ferry in Port Angeles just outside of Seattle for Victoria, British Columbia. I remember being very solemn as if I already knew beforehand what was to take place on this particular mission. The passage itself seemed to be in the cool of the year where a light jacket had to be worn. There was no indication of snow being on the ground or in the air. In my spirit it seemed to be about five a.m. The sun had not yet come up above the horizon. As to what season it was, it could have been early spring or late fall.

Standing on the shore looking West, the Lord awoke a memory out of my subconscious, where I was the early rays of the sun begin to break on the horizon looking west over the Pacific. At the time I was unaware of Nibiru and the Pole Shift.

VISION # 2 As the Spirit of the Lord came in for a second time, the force of it pushed me yet into another vision. Turning over on my left side, I could see myself leaving the ferry terminal. There was a quickness in my walk. After what seemed to be five minutes or so, I remember entering the front doors of a newspaper office in the downtown part of the city of Victoria. To the right of the counter in front of me, the wall clock showed the time to be twenty-five minutes past eight in the morning. The office staff seemed to be half asleep as if they just returned after having the weekend off. Two or three of the staff still had cups of coffee in their hands. Standing to the left side of the front counter with my back to the street entrance. I remember being dressed in black with a large staff in my right hand.

In the spirit, I could perceive them mocking me, as God had me to speak forth a warning to evacuate the west side of Vancouver Island. An earthquake measuring approximately 7.4 would hit twenty miles west of Victoria, causing a six-foot tidal wave to come inland. I said that God's mercy would be in it, and that minimal damage would occur if the news media would warn the public to take the necessary precautions. The Lord had me to make it very clear that this particular earthquake, was a final warning in that the next quake would destroy all life along the west coast of North America! Later that afternoon, I found myself back in the same office.

Standing there in silence, I simply waited for the hand of God to move. It was a few minutes before two-thirty when I glanced up at the wall clock. Suddenly everything became quiet and deathly still! Even the birds stopped singing, sensing what was about to happen. Within moments, the silence was broken when every phone in the office began to ring off the hook. A six-foot tidal wave had been sighted heading eastward towards the city resulting from 7.4 earthquake twenty miles out in the Pacific. It was not until recently that I realized that severe damage must have occurred knocking out transportation on the west side of the island.

VISION # 3 Again the vision ended as suddenly as it began. Panic had already begun to sweep over the island as people prepared to evacuate their homes for the safety of the mainland. The roads leading to the east side of the island were rapidly being jammed with traffic. It was somewhere during this time, that I met a fellow believer in the Lord who helped me get to the Nanaimo ferry terminal. Hundreds were in the process of leaving for the mainland heading for Vancouver. I remember telling this brother to transfer all his financial assets 'off the island,' in and around the Hope area. Otherwise, he would lose everything to destruction. This man was extremely wealthy, and believed the word of the Lord. In the Spirit, I was lifted high above the Nanaimo terminal, and could see two and three lines of traffic had already backed up for what looked to be two or three miles in length. Extra ferries had to be called in to handle the enormous increase in both vehicle and foot traffic.

Just like to add here Alex that when I was lifted high above the east end of Vancouver Island. That I was perplexed in my spirit. It looked as if the Holy Spirit had been removed from the people. The righteous has already been evacuated from the Island.

VISION # 4 For the fourth time, the Spirit of the Lord came in like a wave and forced my body onto the opposite side. The scene of the vision changed, and I was once again back in my body. This time I found myself on the top rear deck of

a ferry preparing to leave port. As I stood with many others on the rear of the passenger deck, I could see the boarding ramp, 'the walk ramp,' being raised up for departure. It was at this very moment that I instinctively turned to the south side of the ferry. The water in the harbor began to boil with much activity, as a huge forty-five to fifty-foot dinosaur suddenly stood up out of the water!!! The front claws of this huge prehistoric creature were no more than ten feet off the rear of the deck. His gigantic head was as big as a medium-sized car, with teeth that looked to be nearly two feet in length. I was close enough to feel the heat of its breath as it looked down at the people on the rear of the deck. Many on board the back part of the vessel were killed by massive heart attacks due to the fear of the creature that apparently was pushed up from the quake. Everyone except for myself was stunned and severely in shock at what was taking place. Walking up to this flesh eater, I began to communicate with it. Almost able to touch its claws, I told him that he had done a good job, and to turn around and to go back into the water. This giant could have easily damaged the ferry. Its great size was almost beyond belief!

Just like to add here Alex, that I saw cell phones in the hands of the people on the deck of the ship. The size of the creature was more like 90 ft. tall as its head was higher than that of the ferry. When I came down into my body, I was looking at the ferry. It was not like the ferries that I was used to. It was bright and shiny new. This caught attention. Another SIGN of what time it was.

VISION # 5 For the fifth time the scene of the vision changed, and I found myself at the Horseshoe Bay terminal. The ferry was just pulling into port. It was apparent that news had already reached the mainland as there was much activity in and around the area. As the ferry backed up into the docking zone, I could see that many major news networks had jammed around the preboarding gates. ABC, NBC, CTC, all the big ones. For some strange reason, they were looking to me for answers. As I began to say something, the Spirit of the Lord took me over. Still dressed in black and with a staff in my right hand, a major prophetic warning went out of my mouth for all people to evacuate the West Coast. Those who refused to heed this warning would not be spared. This was God's mercy not only to His own, but to all who would listen to His voice.

Just like to add that when I saw all these reporters from across North America, God allowed me to see their heart. In one accord they wanted to know how much time they still had. In response the Lord said these words: You have no time to sell your homes, only enough time to flee!

This destruction that was foretold, was God's judgement upon the evil and unrighteousness not only in the Vancouver area, but south to Portland, San Francisco, Los Angeles, San Diego, Mexico, and on down to the southern tip of Argentina. God was angry, and was about to shake all the west coast beginning in Alaska.

It was at this point in the vision that I found myself standing on the edge of the No. 7 highway a few miles west of Hope, that the arc-angel Gabriel suddenly appeared on my right-hand side, and asked me: "Where can my people go?" In answer to His question, I pointed up North to a remote area outside the Prince George area. **In the vision, I handed the Angel of the Lord a long white tube that held the blueprints for survival.** At the time of the visions, the Holy Spirit had just begun to reveal these plans for the survival of God's people. It was not until the spring of 1993, that the first phase of these survival plans was completed.

Just like to add that the ARCSHIP Manual that I'm now working on is what was inside the long white tube in the visions

VISION # 6 For the sixth time, the scene of the vision changed, and I found myself lifted up in the Spirit on the west side of Hope. From this vantage point high above the earth, I could see many cars, trucks, trailers, etc., loaded down with all that they could carry, heading for the northern part of the province.

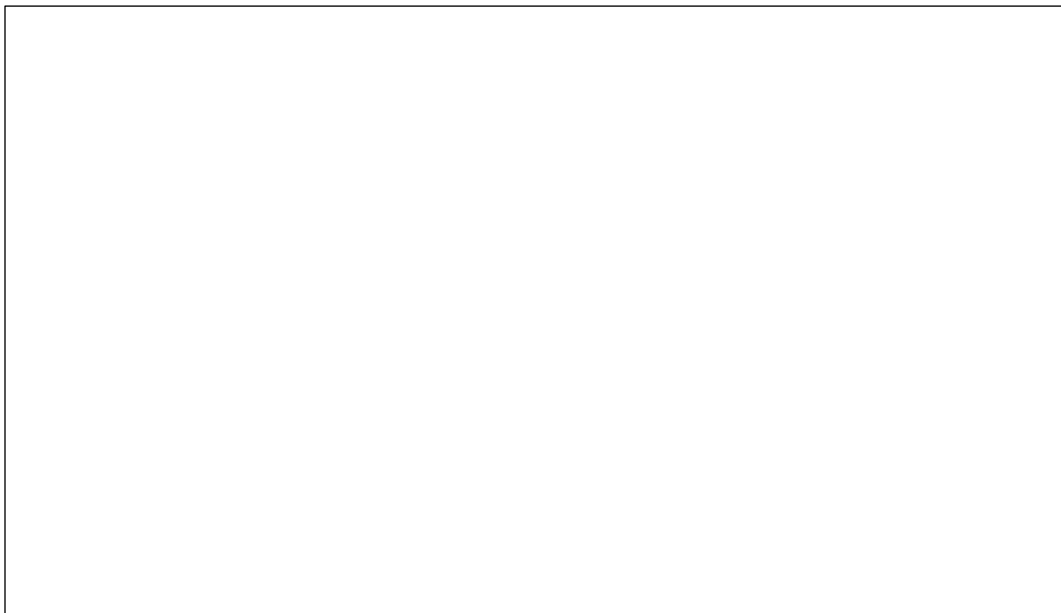

It looked as if 10,000 vehicles or 10, 000 people had heeded this warning to flee the Vancouver area, that they might escape the judgement of God. In the Spirit, it felt as if seven to ten days had elapsed since the warning had been carried by the major news networks.

At this point in the vision, I found myself back in by body, standing on the west side of Hope near the highway heading towards Vancouver. For the second time during these visions, the Angel of the Lord appeared on my right hand. Still dressed in black, Gabriel commanded me to take my staff, and to speak forth a major destructive earthquake out in the Pacific. As I did, and as my staff hit the ground, this awesome earthquake immediately took place. Although I did not see the earthquake, I did see the catastrophic tidal wave that stood up out of the water and began making its way towards the mainland. In the Spirit, I knew it was to be a quarter mile high. It washed over the mountains on Vancouver Island as if they were not even there. Within minutes, I watched as this gigantic wave of destruction hit Vancouver and the lower mainland. I saw the faces of three million men, women, and children perish with nowhere to run!!! There were no survivors within 40 miles of the coast. Burnaby, Port Moody, and the other surrounding districts of the lower mainland along with the city of Vancouver no longer existed. Even 90 miles inland, as I stood alongside the highway, water from the tidal wave forced its way up the Fraser River and touch my feet!!

VISION # 7 For the last time the scene of the vision changed, as the wave of the Spirit of God forced me on my opposite side. God allowed me to feel what it was like if Canada was a living person. It was as if a leg or and arm had been cut off, leaving that person severely crippled. God had brought Canada to her knees in a matter of moments. No longer was she whole!! Judgement had come swiftly, and without mercy for those who disobeyed Hs warning to flee to safety. In my spirit I knew that much of the Alaskan and Californian coast had also been destroyed.

Shortly thereafter, word had got out about me speaking this judgement against the west coast. In the vision, I was being blamed for all the destruction and forced to flee my own country. The brother whom I had told to transfer his assets inland, flew me across the border in his private jet. In the Spirit, I could feel the persecution and the hatred towards God's people. The denominational church was in shock as the so-called rapture teaching had not happened to save His people from the wrath of God!! Persecution began to rise up within the cities, forcing many of God's people into the country for survival. In my spirit, I felt as if the 'Great and Terrible Day of the Lord' had finally come upon the would, and the church people who called themselves born-again believers were caught in a snare!!! As fast as the visitation came upon me, it left. Looking at the clock on the sill of the window, it was approximately 6:45 a.m.

END OF VISION!!!

PACIFIC COAST WARNING TO PREPARE

1A-2012 00 00 0000-02 Nanaimo, BC by Joshua Taylor

Time to sell your homes & to NET-WORK together to RELOCATE to SAFE AREAS

This is not a *prophetic word* but a heaviness in my heart *to get off the fence* and use what remaining time is left, to be **READY to EVACUATE** when the Lord gives the **ALARM TO FLEE!**

In 1988 an angel took me out into the future of America just **PRIOR** to the **POLE SHIFT** where I was standing on the shores of the **PACIFIC OCEAN**, watching the sun rise up in the west. Hidden in plain sight it was a year ago this spring that the Lord opened my eyes as to the **EVENT WINDOW** when the earth would be turned **UPSIDE DOWN**.

It was evident in the visions that there was a **REMNANT** that was **SPARED** because they **PREPARED** in **ADVANCE**, knowing that coming **POLE SHIFTE** was coming. Lifted high above the Lower Mainland, I witnessed a 50-mile convoy of vehicles heading to a **SAFE AREA** in the north regions of British Columbia, **MOMENTS BEFORE** a 1,500 ft. tidal wave rose up on the west side of **VANCOUVER ISLAND**. In a **ZOOM SHOT**, I saw a five-mile convoy of transport trucks in the middle of the convoy that were fully outfitted with every thing they needed to set up for long term survival. Just after that I witnessed the faces of 3,000,000 people, both individually and collectively, **PERISH** in the ensuing judgment. God gave people time to flee but they rejected His plea and died because of their unbelief.

As to **TIMING** of the **POLE SHIFT EVENT** the Lord alone knows, although I was given certain signs in the seven visions.

Hyper inflation was at 600 %. There were extreme temperature differences between early morning and afternoon. At least 3 major volcanoes were in the process of erupting in Washington-Oregon state. The fear of judgment could be seen on the faces of the people. Much of the fear was coming up from things taking place across the US-Canadian border. It was also apparent that a revival had taken place of Vancouver Island and the souls harvested and relocated into safe areas. Last but not least, I saw the sun rise up in the West.

I'm not saying all this to scare people but to **WAKE THEM UP** so that they will have **TIME** to **SECURE** their families and livelihood for what is coming.

It will take people **NET-WORKING** together to **SELL THEIR HOMES**. To combine their assets and abilities and to physically come together in **COMMUNITY**. It may be a farm or a large acreage where families come together in the unity of the Spirit. Accommodations must be designed where the shelters can take apart for transport. Being able to set up these portable shelter's aka cabins, individually or collectively as a camp, off the ground under any ground condition is imperative.

In 1988 the Lord gave me the initial **BLUEPRINTS** for laying out the **BLESSED AREAS** or the **PLACES OF REFUGEE**.

In the summer of 2009, the Holy Spirit showed a dream-vision of a hexagonal interlocking floor system also know as the **RELOCATION PLATFORM Technology**.

In the fall of 2015. the Lord showed me how to build the **RELOCATION PLATFORMS** that turned out to be a 110 % success. He also commissioned me with building the **KINGDOM CAMPS**. The Holy Spirit also commissioned me to write two companions manuals in the spring of 2015 for laying out the **PLACES OF REFUGE** aka **KINGDOM CAMPS**

This **WARNING to PREPARE** primarily goes out to those living on Vancouver Island but also includes all places that will be impacted by the coming Pole Shift along the entire West Coast.

Each day is a day less and a day closer to the coming judgments. The majority will not listen until they see **NIBERU** approaching the earth in full forth but for them the time to **PREPARE** would have been lost. Only enough time to **FLEE!**

The Holy Spirit has given me the **BLUEPRINTS** for **BUILDING** these **ARK COMMUNITIES** and the wisdom and understanding to help you put **PLAN** together, **TO RELOCATE** into the **SAFE AREAS** when the final warning bell or sign is given.

It is up to you to wake up and to **PREPARE** for the **TIMES AHEAD**. I'm here to help and to assist you in anyway that I can.

Concerning the Wrath of God Upon the West Coast

1A-2009 00 00 0000-03 Mission by Joshua Taylor

***No year was given, although certain 'signs' were encoded
within the visions themselves***

Seasonal Indicators

- As I boarded ferry in Port Angeles to go to Victoria, I intuitively knew it ***"to be 5:00 A.M. "***
- As the ferry was pulling into port in Vancouver, the sun was setting upon the city in and around 9 o'clock. This would indicate that we were "shortly before the longest day of the year," and that there was ***"but a short space of time to leave the lower mainland!"***
- The water in Port Angeles was cold enough to have ice crystals upon it wherein a fall type jacket or sweater had to be worn. Although the rising of the sun indicated late spring or early summer, the mornings were abnormally cold, while daytime temperatures were quite mild. These two indicators would suggest a ***"climate change"*** wherein extreme temperature differences between night and day.
- A third seasonal indicator while speaking for the warning in the newspaper office in Victoria, was that the ***"birds were singing and the trees were full of fresh leaves."***

Economic Indicators

- It was apparent that ***"those who had money or the rich and middle class,"*** were not spending! Money was tight and nobody was selling their homes hoping that conditions would improve. The nation was in a time of recession about ***"to be thrown into a global depression!"***
- In the visions, I was carrying cash, in particular US currency. ***"Cash was still king!"***
- Just as the evacuation of Vancouver Island was under way, while still in Victoria, I suggested by the Word of the Lord for a particular Believer who was extremely wealthy, ***"to immediately transfer his assets to the mainland."*** This would indicate, that ***"banks were still operational"*** and had not closed their doors pending a national and global depression.
- Upon entering into Canada, ***"the National Identification Card had not yet been forced upon the citizenship of this country."***
- Canada was ***"severely crippled economically"*** by the destruction, bringing the nation into a state of ***"emergency and economic collapse!"*** ***"World-wide depression had come upon North America!"***
- According to a certain well known remote viewer on Coast-to-Coast AM, ***"the United States will go into a major depression in and around August of 2006!"*** If true, we have little time to prepare!
- According to Mr. Ed Danes, ***"a time of warning would begin the fall of this year, 2004, lasting for a whole year, prior to a time of great hardship, economic collapse, a new Sars epidemic, famine, earthquakes, Mt. Rainer erupting, climatic changes, and great persecution to come upon the land!!"***

Prophetic Indicators

- As the visions ended, it was strongly evident in my spirit, that ***“the Great and notable Day or the Lord”*** was ***“fully ushered in!”***
- After the tidal wave hit and destroyed the West Coast, in particular Vancouver and Vancouver Island, word was out that I was ***“to blame for the destruction”*** and God had to make a way for my escape.
- Within 24 hours of the destruction upon the West Coast, ***“I knew that a decree was given against all true believers, and that great persecution had begun.”***
- This above declaration, I knew was made by the so-called ***“Antichrist”*** forespoken in the Book of Revelations.
- ***“While in the Spirit”*** high above Departure Bay in Nanaimo, I looked upon the hearts of the people, and if there was a ***“revival,”*** there was no longer any trace of one.
- With the ushering in of ***“the Kingdom of God”***, also came the ushering in of the ***“Kingdom of Darkness”*** as foretold in Mathew 24!
- ***“The 10, 000 fleeing into the wilderness”***, fully prepared in advance to start anew, strongly infers that ***“a remnant was spared and went into a place prepared by the Lord”*** according to Rev. 12.
- This ***“Great exodus of Souls,”*** could not have happened if there was not ***“sufficient warning for them to get ready.”***
- The ***“beast rising out of the ocean”*** indicated that the ***“Beast of Revelations was about to rise up out of the sea of humanity!”***
- Because God did not remove the Christian out of this great judgement, ***“the Christians themselves were greatly perplexed, and knew that they had been caught in a snare!”***
- Immediately after the destruction of the West Coast of North America, ***“great persecution arose against the true Believers in Jesus Christ!”***
- From all the above indicators, ***“we were yet in the time of the four horsemen!”*** where the Day of God’s wrath is being ushered! The time of the Antichrist is at the same time ***“being ushered in at this time,”*** just prior to the Man of Sin revealing himself ***“in name and number!”*** If so, ***“we are only years away from the time of great persecution against both believing Jews and Christians worldwide!”***
- **Personal indicators**
- Prior to returning back to my own country, ***“the Lord commissioned me with a prophetic mantle”*** by the hands of an older prophet in Texas, to carry out His commission of warning and judgement.
- This ***“man of God, gave me a set of his clothes, and a large staff to speak God’s word. He laid his hands upon me, and spoke God’s blessings upon my life, and sent me forth in the name of the Lord.”***
- In the visions, I was ***“walking in an unction of the fullness of the Holy Ghost. All spiritual senses were no longer in part, and the fear of the Lord was strong upon me.”***
- In the visions, ***“the plans concerning the survival of God’s people were fully complete, and handed to the Angel of the Lord!”***

Physical indicators

- As the first vision begun to unfold, I knew that **“a major volcanic eruption was in the process”** or **“had just happened!”** Maybe Mt. Rainer!
- In the newspaper office in Victoria, great fear gripped the hearts of the women working there when I appeared in the front office. **“It was apparent that I was not a stranger,”** that the media had been **“previously aware”** of my personal endeavors **“in bringing forth earthquake awareness!”**
- By the expression on the faces of the office workers, it seemed that an **“major earthquake had already occurred on the Island in excess of seven points.”**
- In bringing forth the warning, the word of the Lord indicated that the earthquake would result in **“a six-foot tidal wave,”** and that **“all vessels on the West Side were to be evacuated!”**
- The warning quake would **“be a mercy quake,”** before a total destructive quake to follow!
- The ferry that I was standing on in the vision, had both a **“walk deck”** that allowed passengers to cross over to the opposite side without having to go inside of the vessel. This particular ferry was different from the ones now in operation in Nanaimo, and may be one of the super-class ferries used between Victoria and the mainland. Where I was standing in the vision, I could see the **“bridge of the ship,”** and the fact that it **“backed into Horseshoe Bay,”** would indicate this particular ferry class. In the Spirit, I knew that the Victoria ferry terminal was no longer operational!

In Conclusion

- My personal e-mail is as follows: remnantprepper@gmail.com
- If the Spirit of God puts it on your heart to open up a web page to help in getting this warning out to prepare and leave the West Coast, when the sign of the beast is given, please contact me.
- Anyone that is let to share his or her vision, prophecy or dream concerning the coming preparation, evacuation, and coming wrath upon the West Coast, feel free to forward what the Spirit of God has given you.
- I would ask that all intercessors of the Lord, pray that the Lord would hold back the full portion of His wrath, in order for His faithful, and those who believe, to have time to get ready. **In Jesus’s Name- Joshua David**

Signs and Events point to late July 2010 for Possible Fulfillment?

1A-2009 08 24 0000-03 Vancouver, B.C

Introduction: It has come to my intention to put together a forum to begin to work with those of you who are awake. The time is here that we need to consider as a whole to begin preparation to relocate to the places of refuge. In the visions only a small remnant was prepared to leave out of the cities hours prior to the what I have been allowed to see and experience by way of open vision.

To look at the signs and to say that they are not from the hand of God and to bury our heads in the sand and to live in denial will leave you unprepared. Noah believed what God told him and began to prepare out of a heart of faith was motivated by compassion.

Noah physically began to prepare knowing that God would honor His Word. In this same manner is it wrong of me to begin to stir the faith and love of God that is in your hearts to do the same? If my intentions to sound the alarm are generated from fear and not from love and faith then don't listen. But if my thoughts and intentions come out of a heart of compassion and faith, then it is wisdom to take heed to what the Lord is saying and placing within my heart.

Looking back at the signs seen in the seven open visions that God gave me in 1988, the question as to whether the fulfillment of these visions may take place in the summer of 2010 has come to the forefront. There can only be one of two possible fulfillments. Either in the early part of the first 3 1/2-year period or towards the beginning of the 2nd 3 1/2-year period.

20 reasons why I believe that we are now entering into a time of preparation

Sign #1 President Obama? There is one question that I can ask myself and that has to do with Obama's time in office. What will things be like three years from now? If he gets assassinated, we can expect to see another civil war break out on American soil. In the visions the economy was tightened but *did not see any sign of this kind of event having taken place. There was no evidence of a civil war having taken place.* Maybe in the making but no actual physical event was seen. This tells me that this *West Coast event will take place prior to civil war* breaking out in America. We will pay the same price as a nation that Israel paid for turning their back on God.

Sign #2-The Amero and NAU-Another question mark, will good old American cash still be around? In the visions *there was no sign of the Amero. In the visions I just had good old cash.* The North American Union or NAU is to be full ratified sometime in the summer of 2010.

Sign #3 Early Stages of inflated Depression Evident In the visions the American and Canadian economies was in the *early stages of an inflated depression.* We are almost at that point now. Three years from now it is a given that *we will be under a full police state or NWO rule.* Cash will be out to be replaced by a cashless system.

Sign #4-Still had my passport-In the visions *I still had my present passport* that expires in *mid Nov. 2010.* Three years from now all passports *will have been replaced by the national ID card.*

Sign #5 Weather Extremes Evident The weather as *somewhat moderate* and it was apparent that the earth changes were well under way. Not as it is scheduled to be in the summer of 2012 when Nibiru will

be evident to all and the *weather will be much more chaotic*. Maybe now you can understand why I am questioning the timing that the main even may be sooner than later. In the visions, *ice crystals were on the water at daybreak and the afternoons abnormally hot*.

Sign #6 A Remnant was Fully Prepared well in Advance With the building of these relocation platforms, I truly believe that this is the beginning step to prepare for what is coming. The Lord made it clear to me over a month ago to have the first one perfected and built before this September. There is no time to work with those who are not awake and living in the moment. Many will wake up when both the spiritual awakening and the judgments become openly manifest. *At same time a remnant will be fully prepared in advance to relocate into the wilderness areas.*

In the visions there were 10, 000 souls who were fully prepared *to relocate up to the Hazelton area*. The relocation platforms are the beginning of the preparation.

Sign #7 It seemed that a Time of Revival had Come and Gone The biggest sign in the visions is that it seemed that *revival had just come and gone on the West Coast!* We are about to see a major wake up event that will usher in this time of spiritual shaking and to bring in the harvest of the first fruits or laborers.

When raised above Vancouver Island in the Spirit, I could see no sign of the remnant. The Spirit of the Lord had already relocated them to the mainland to begin the final stages of preparation. In the visions it was seen *that Vancouver as a city was in a state of spiritual darkness as if the candlestick had been removed!*

Sign #8 I was Walking in Full Spiritual Awareness In the visions I was walking in a full spiritual awareness and was *completely in tune and in a state of oneness with the Father*.

Sign #9 Fear Factor was near Panic Levels In the visions the *fear factor was 70 percent*. Now it is around *40 percent*. It was evident that Victoria, BC and all the cities along the West Coast had recently experienced both *major earthquake and tidal wave activity as a sign that will precede this catastrophic destruction*.

Sign #10 The Father is now Bringing me into Spiritual Maturity Up until this summer the Father had me in a holding pattern and is now purging me of the things of this world. In the visions I was *walking in the revelation knowledge, wisdom and understanding of the Most High God is full spiritual remembrance and awareness*.

Sign #11 I saw the C Class Ferries before they were Built In the visions the *C class ferries were still had the look and smell of newness*. Not six or seven years old.

Sign #12 I saw the Sign of the Beast Rise up Out of the Sea! While standing on the portside of the C class ferry, *I saw the sign of the beast rise up out of the sea!* The Father raised up T Rex as the signal for the all the remnant along the entire length of the West Coast to leave.

Sign #13 In 1988 I saw people with Cell Phones that could take Pictures When T Rex came up out of the water in Departure Bay in Nanaimo, *people came out and began to take pictures of this creature*. News had already alerted the global media in Horseshoe Bay.

Sign #14 God had given me his Staff and Authority to Speak Judgment Before the visions began, the time and place came that the Lord *passed on a prophetic mantel of authority likened unto Elijah and Elisha with a double portion.*

Sign #15 The Lord was working through me To anoint both people and places for the building of places of refuge here in the central interior of British Columbia

In the summer of 2007, the Lord *by the laying of hands of an Apostle sent me down south here to anoint places and people.* God has had me in a holding pattern these past two years

Sign #16 I saw the time where houses in the cities would lose all their value!

When the Lord had me write out the seven open visions five years after they took place, the Holy Spirit had me *NOT to make known what Gabriel put in my heart to speak at that time.*

**NOW THE LORD SPEAKS THAT THE TIME AND SEASON HAS COME
TO SELL YOUR HOMES AND POSSESSIONS,
AND BEGIN TO PREPARE YOUR LIVELIHOOD
AND FAMILIES AND TO BE READY
TO FLEE
THE PLACES OF JUDGMENT!**

Sign #17 The Plans for the PLACES OF REFUGE were Complete The building of the *relocation platforms* is the first step in towards the Father's plan in the design and layout of the places of refuge. In the visions I held a long white paper cylinder in my right hand as a sign that the work that begun in 1988 was now complete. With the building of *the first relocation platform* I know that it is now *within my reach to design and to build a fully functional intentional community.*

Sign #18 In the Visions I was Walking with my Spiritual Companion Except for a few short years the Lord had me walk alone for most of my Christian Walk. At the time of this writing the Lord *is preparing my heart and life to be conjoined with the one He would place by my side for His Divine purpose.* In the visions we left Canada to travel south after preparation was well under way.

Sign #19 Come Forth in full Sonship In the visions I knew that the Lord had brought me into the place of *full spiritual maturity as a manifested son of God.*

Sign #20 I Audibly Heard the Audible Voice of the Beast Proclaim a time of global persecution!

In the visions *I audibly heard the voice of the man of sin announce to the world a time of persecution!* Can we expect the first 3 1/1 years to be a time of persecution or does that come after during the second half?

If all these questions are taken together, it points to the summer of 2010 being the time when the judgment of God is going to hit the West Coast. For it to take place in the summer of 2012, that would mean that the North American Union and the Amero will have to be held back. The summer of 2010 is when the North American Union will be fully ratified. Just my thoughts here. We may have less time than what we think.

Seven Open Visions-Connecting the Dots

1A-2009 08 24 0000-01 Mission, BC by Joshua Taylor

A lifetime has passed since the Spirit of the Lord came to me while living in Bangs, Tx. to reveal the Father's divine hand of judgement concerning those living on the West Coast of Canada and the United States. All these years I've been waiting, knowing that the time would come where the Lord would send me to Victoria, British Columbia to shout aloud the final warning to flee the catastrophic earthquake and tsunami that would bring total devastation of life. It wasn't until last week however, that I began to connect the dots hidden in plain sight in the body of the visions. A riddle only to be understood at such a time of this to bring forth an unfolding of a long-awaited mission from the throne of God. To rise up a chosen seed as Moses did and to prepare them for a second Exodus to be relocated in the wilderness area of northern British Columbia.

With this new insight I'm able to connect the various pieces that go together to unveil a hidden agenda. **(01):** The Angel of the Lord standing on my right side asking the relevant question at the time: *"Where can My people go?"*, intuitively causing my right hand to point to the **Hazelton area in northern BC.** **(02):** The **white cardboard roll** in my left hand that represented the **completed plans of the places of refuge.** **(03):** The **10,000 vehicles prepositioned** on the east side of Surrey, BC **awaiting orders to move out?** **(04):** A zoom shot where I saw **hundreds of transports trucks in the middle of this 50-mile convoy, fully outfitted with everything they needed to set up camp at their journey's end.** **(05):** In the newspaper office in Victoria, it was apparent that I was **well known to the local media.** **(06):** In the vision's **money was at 600 % deflation** due to an economic reset. A dollar was worth .20 cents! **(07):** Prophetically I saw **the beast rise up out of the sea.** **(08):** The first time that Gabriel 1st appeared in the visions, He spoke through me to the media standing in the Vancouver ferry docks, *"That there was no time to sell your homes-only enough time to flee!"* **(09):** *At the close of the visions, I heard the audible voice of the anti-Christ decree a time of worldwide persecution!* **(10):** In the pre-visions I had been actively engaged in some kind of **major preparation effort** prior to driving south to Bangs, Texas where the Lord **commissioned** and **commanded** me to **return to my own country to bring forth the final warning.** **(11):** **Great sadness that was in my heart** after being commissioned by Brother David Terrell, God's prophet to the world, **to return to my own country of Canada via the Port Angeles ferry.** **(12):** The knowing that I boarded the **Port Angeles ferry at precisely 5 AM sunrise Pacific time.** **(13):** The **extreme temperature changes** between **early morning** and **afternoon.** **(14):** Major volcanic eruptions in Washington and Oregon. **(15):** At the end of the visions the government blamed me for the cataclysmic destruction while at the same time the Lord arranged my escape by private jet. **(16):** Arriving in Texas the Christian businessman who owned the 26-seater, twin engine, jet threw me the keys. In likewise fashion I handed the keys to David Terrell who commissioned me by the Word of the Lord prior to the start of the visions. **(17):** In the Spirit I returned to North Carolina where the City of God was in the process of being built for the Tribe of Judah. At the time of this writing the US government has denied me entrance, showing me that when it is time, the Lord Himself will open the doors to return south to help undertake the city of refuge. **(18):** Walking in a spiritually awakened consciously aware state as a manifested son of God. **(19):** Apart from these visions, why did the Lord give me the key to **implosion technology** that He told me would lead to the **discovery of unlimited heat and energy** in a dream in 2004, and in 2007 a second dream revealing the **relocation platform technology?** **(20):** The revelation of **Project DAVID** in the summer of 1988 in Bangs, Tx., concerning the **isometric design layout of the places of refuge?** There are more dots but these are the main ones that go together to unveil a hidden message.

Does the Lord have an agenda and mandate, hidden within the seven visions

ORDER OF EVENTS-7 Open Visions

7B-2015 00 00 0000-06 Mission by Joshua Taylor

Pre Vision to the Seven Open Visions of the Total Destruction of the West Coast

As you may have heard Brother Edward. David Terrel God's Prophet to the world was taken home to be with the Lord recently. Before the 7 Open Visions started, I had these previsions. Now that the man of God is no longer here. The Lord must have hidden a message in plain sight to be revealed at this time. I believe it to be a set of instructions that the Lord is about to release through you as you have the gift of interpretation.

This morning the Word of the Lord came to me where I was shown a Train Engine pulling what looked miles of box cars. I did not know the interpretation. Then I saw myself with my hand on the linchpin that links the engine with the rest of the boxcars. I heard the Lord say to release the linchpin. That God is about to release all the hundreds of prophetic words of judgment upon America.

Then I saw what looked like the Hoover Dam. Water was beginning to flow over the top of the dam. That all the judgments forespoken by the man of God was no longer to be held back.

In the previsions I can remember looking into the eyes of the prophet as he came and passed me as set of his clothes. It was as if he was passing on his mantel like what happened to Elisha with a double portion. God has put me through the fire. Jesus has given me eyes to see what the Father is doing. I am learning to rest in him. To rise up and to walk in the Spirit. It is a place of knowing. That is how it was in the 7 open visions. I was walking in a place where I knew all things by the mind of the Spirit. And I await the interpretation of the pre visions given so many years ago. My heart is heavy having seen the level of fear that is about to arise as God rises up to shake this world.

At the time of the visions, I should have written them out. But did not do so until 5 years latter. Most people have mocked these visions and taken them lightly. God showed me all 3 million people who died in judgment. Just here on the West Coast. Not counting all who died in judgment in America. No one can make something like this up. And I know that the day is coming where the Lord is going to push me out to fulfill his will and destiny in the earth. That my will is crucified to do his will. To walk in his ways and not my ways.

1. The Lord used David Terrel, Gods prophet to the world. To send me back to Canada by the word of the Lord to bring forth the final warning of judgment. In the pre-visions that took place. I remember being very busy working with people to prepare. I met a woman who became my wife and we left to go down south to Bangs, Tx. to a 10-day camp meeting for our honeymoon.
2. While we were waiting in line for the man of God to pray for us. He told us to wait on the platform while he went into the back room and returned with a folded set of his clothes. He told me to go into the back room to put on his suit clothes and to leave my other clothes behind.
3. Obeying the prophet of the Lord I came back to the platform where he took one of his staffs and placed it in my right hand. No words were spoken but I could see in his eyes that the Lord was preparing me for something. Like what happened between Elijah and Elisha.
4. The word of the Lord came to David Terrell that it was imperative to return back to my own country within the next 24 hours. My wife was to stay behind.
5. Looking out at the audience the man of God took up an offering to get me back home. Their hearts were full of grumbling and complaining. I saw David Terrel shout out in a loud angry voice. He said you do not know the one that stands here! He was livid.
6. David Terrell assigned one of his ministers to drive me to the Dallas airport and to leave immediately. This all took place on what seemed to be a Saturday or Sunday night service.
7. It was at this point that the **7 open visions began** where I found myself standing waiting for the Port Angeles ferry. It was 5 AM in the morning. I was looking over the darkness of the Pacific Ocean and could see the early rays of the sun breaking on the horizon in the west. At the time I had no knowledge of the coming Pole Shift.

8. Climate change was apparent. The water seemed unusually cold for spring as there was still ice on the edges.
9. After the ferry arrived in Victoria and clearing customs, I still remember submitting my passport for inspection. I was not shown the Real ID that soon will be required to travel.
10. Walking into the newspaper office to the right I saw an old-fashioned school clock. It was 8:28 in the morning. It seemed to be a Monday morning as the first woman at the counter and the 2 women in the back of the office were just finishing their second cup of coffee.
11. When I first walked into the office, I did not introduce myself as you usually would. The lady standing behind the front desk I could see was filled with fear. In the spirit I knew that events were happening south of the borders that were causing people to go into a panic.
12. At this point the word of the Lord came to me where I spoke in a loud prophetic voice of authority. And told her that the ships on the West side of Vancouver Island must be evacuated. The fear level in her heart went off the scale that caused her not to get out the warning. In her eyes I could see that I was known to the local media.
13. Returning back to the office at 2:30 the same afternoon. To the right of the front counter was a window where I could hear the birds singing. All of a sudden, the birds went silent. I heard the phone ring in the office. It was reported that a 7.4 earthquake had just happened 20 miles off the West Coast of the Island. The tidal waves were like a train of hundreds of boxcars that totally destroyed all marine vessels on the West side of the Island all the way from Victoria to the north tip of Vancouver Island.
14. The government placed Vancouver Island on immediate mandatory evacuation. The highway between Victoria and Nanaimo became packed with people leaving the Island. It seemed that somehow the ferries in Victoria were no longer operational.
15. It was at this juncture that I met this Christian businessman where the word of the Lord came to me for him to relocate all his assets to Hope. In the visions he gave me a small brown paper bag with a large sum of cash.
16. The visions changed to Nanaimo where I was elevated in the spirit above the ferry. I could see me standing on the portside of the ship as the walking deck was being raised.
17. From high up over the harbour I could see that all the roads leading to ferry were full of vehicles. Traffic was backed up solid for miles all the way to the south end of Nanaimo.
18. Coming back into my body I knew that this was a newer type of vessel not yet built at the time of the visions. Everything seemed brand new or at least remodeled. In the spirit I knew that it was late afternoon. It was sunny and warm. There was no other vessel parked on the starboard side of the ship.
19. At this point coming back into my body I walked halfway across the bow of the ship. I knew in the spirit that the water on the starboard side was being stirred. This was the time that I saw T Rex stand majestically out of the water. His head was taller than the stacks on the ferry. He was raised up from the earthquake earlier that morning. Reserved by the hand of the Lord as a physical sign of the Beast rising up out of the water. He was similar in size to the T Rex on Jurassic Park.
20. As I approached this creature and touched his hands, that he caught the attention of those on the passenger deck. At the time of these visions cell phones were not yet invented. Yet I saw dozens of people holding these phones in their hands taking pictures and videos.
21. Many people on board dropped dead from heart attacks brought on from what they were seeing. In their hearts I could see that they were in shock and could not believe what their senses were telling them. Word of this spread quickly to the world.
22. As the visions changed, I saw the Nanaimo ferry arrive at the Horseshoe Bay terminal in Vancouver. The sun was just going down which may be prophetic of the sun going down on the nation.
23. In the dusk I saw the lights of dozens of news helicopters. Reporters from all points of North America rushed to terminal to do a story on this creature. They also had an alternative reason for coming there that I could see in their heart.

24. As I came out of the walkway, I could see around 40 to 50 reporters or more. Both men and women with all the camera crews.
25. It was at this point that the Gabriel, the angel of the Lord appeared for the first time in the visions. He placed in my heart the words to speak to the reporters.
26. In their hearts I could see that the main reason that they came had to do with the housing market. When writing out the 7 open visions for the first time in 1993, the Lord instructed me not to record this part of the vision.
27. In response I said to them by the word of the Lord. You have no time to sell your homes. Only enough time to flee.
28. The visions changed and I found myself standing on the south side of the Husky on the TransCanada highway a few miles west of Hope. In the vision I was standing on the no 7 highway on the south side of the shoulder where I had a clear view of the Fraser River.
29. For the second time Gabriel appeared on my right side. I could see myself dressed in black. In the suit that the man of God gave me. In my right hand was a staff. In my left hand I was holding a large white cardboard tube that I knew contained the completed plans for building the places of refuge.
30. As Gabriel looked into my eyes, he spoke to and said to command a catastrophic earthquake and tidal wave in the Pacific. I remember that when I was waiting to catch the ferry at Port Angeles, that my heart was very, very sad and solemn. As if I knew ahead of time of what was going to happen before it happened.
31. As I looked into the eyes of the angel of the Lord, I could see the eyes of the Father. They were full of love but there was no longer any mercy. The Fathers heart was grieving. Breaking that many millions of lives were about to be lost to judgment.
32. At this point there was a break in the time stream of the visions. It could have been a week or more. But I knew that grace had been extended so that everyone who received the warning had the time and opportunity to escape.
33. Lifted high up in the spirit I could see a convoy of what I knew to be 10, 000 vehicles pulling out from the east side of Surrey. I could clearly see that this convoy of vehicles stretched all the way to Chilliwack that I knew to be 50 miles or so in length.
34. I remember coming up close in the vision able to see all the vehicles up close strapped with personal belongings. Like the Beverly Hillbilies when they first moved to Beverly Hills. However, I did not see the faces of the people. What I did know that this convoy of vehicle's was fully packed out.
35. While in the panorama mode of view, the Lord took me in on a close up to the center of the convoy that stretched all the way from Surrey to Chilliwack. Here I saw hundreds of transport trucks. Fully loaded and tarped. In the spirit I knew that these trucks were fully outfitted with all that the people would need to set up a place of refuge.
36. Again, I found myself looking into the eyes of the angel of the Lord. It was like no time had past. To my amazement Gabriel asked me a question. He said in very plain words. Where can my people go?
37. Without hesitation I swung the staff around and pointed it to the north. To the Hazelton area. That this was the place that God had reserved for the righteous remnant. It was a general area and I knew that in the time to come that the specifics would be revealed.
38. When Gabriel commanded me to speak forth the judgment of God, I knew that I had a choice. I remember thinking about it and decided to obey his command.
39. As the Lord used me as a vessel to pronounce judgment upon the West Coast, I saw myself again high over the West end of Vancouver Island. Maybe a mile high above the land. As I looked westward, suddenly a wall of water raised up out of the ocean. I knew that it was at least a ¼ of a mile high. At the same time, I was aware of standing on the highway seeing all this.
40. A very large screen appeared before my face. Like a digital screen made up of 3 million pixels. Each pixel represented a face of a person who was about to die.
41. As in the convoy of vehicles I could see the entire view along with every face. All faces were filled with fear as they knew they were about to die. The shock was so great that no sound came out of their mouths. In this picture of 3

million faces, I saw thousands of Christians who were shaking their fist at God. They were angry that God had not raptured out of judgment. They were blaming God for their destruction.

42. This was the most troubling part of the visions. I felt each one's pain as they went down in death. A year after having the visions I asked for the Lord to remove the memory of those dying.
43. As I sit here writing these visions out in script form the thought came to me that this would be perfect to send to Mel Gibson to make a movie out of that. Not only to get the warning out into the hearts of the people but to raise up the finances for this second exodus.
44. With no words being spoken, Gabriel made it very clear that this exodus had 24 hours to make it to their destination. A drive of at least 16 hours. As I was looking up to the north, I could see the Babine area outside of Smithers. Later I was to learn that the water would come right up to Terrace. I could see well into the back country. Hundreds of square miles that were prepared as a place of habitation for such a time as this.
45. As Vancouver Island, Vancouver and the surrounding cities fell to destruction from the 1,500-foot tidal wave that touched my feet standing on the highway west of Hope. I knew that the speed of this wave was in excess of many hundreds of miles an hour. No buildings survived. All was destroyed up to and beyond the Abbotsford area.
46. Years after the vision another vision was shared with me about a brother who saw that much of the water was diverted up through Harrison Hot Springs. That a crack in the earth opened up and swallowed the water.
47. The destruction took place at the exact moment the last of the convoy entered into Chilliwack. Of recent I have just learned that the 9.1 earthquake was but a foreshock of a massive 12.2 mega quake that would follow 24 hours after the initial destruction. God was looking after the backs of the convoy that were escaping with their lives. Making sure their way of escape.
48. I remember that the TransCanada highway was bare of traffic. No traffic going in. I was not shown the exact timing of the earthquake but it was during the light of the day.
49. In the spirit I could feel Canada as if it were a person. It was like an arm or a leg was cut off. The West Coast was crippled as a nation.
50. Right at the end the government placed a hit on my head. The Lord knew this and made a way of escape out of the country. The Christian businessman that I first met in Victoria had his own private jet. I can still see what it looked like. I knew that it was a 25-seat business class jet that had two twin engines. The ends of the wings had those cylindrical things on them.
51. In the visions we landed somewhere in Texas. As we walked off the tarmac this man threw me the keys, I still had the bags of cash in my hands. Several million dollars. But it was no longer worth much. Money had collapsed and I knew that hyperinflation was at 600 percent.
52. From here I remember returning to a place in the Carolina's that was in the process of being built as a refuge for the tribe of Judah. At this point I have not yet been there for the first time. Years ago, a sister in MO. was shown a series of visions that place of refuge would be built somewhere above the snowline. In the center she saw an ancient dome covered with gold. Stamped into the dome it said, The Lion of the Tribe of Judah. From here she saw that I traveled to different parts of America building places of refuge then around the world.
53. In capping these 7 open visions, I met another brother years ago in Abbotsford who used to work for one of the shelters. He told me of a vision that he had that proved beyond any doubt the coming destruction.
54. In his vision he was sent with a group of believers who formed a prayer circle. The power of this prayer circle could not be broken. They were sent to what remained of Vancouver. Eventually the water receded and people trapped in the rubble began to surface. It was God's mercy that none should perish. Those survivors who came into the center of the circle were divinely protected. Not all the survivors were friendly. Just like to add that only the stumps of the concrete remained.
55. While living in Mission in the late 90's I had the opportunity to speak with 3 other people. They all shared the same vision and saw thousands of paratroopers dressed in black killing people as they were landing. No one was

spared. This has to do with the invasion of the West Coast by Chinese troops sometime after the destruction of the West Coast.

56. That last part of the vision is not what I saw but what I heard. I heard the audible voice of the anti Christ. He knew that I was listening to what he had to say and burned his words into my spirit. I heard him declare a time of global persecution against all true believers in Jesus Christ. This would set the timeframe to take place sometime after the visions. The world was blaming God for this destruction and taking it out on the Christians.
57. One last thing. After this point no one ever again took the word of the Lord lightly. Those who escaped from Vancouver Island most of them died on the mainland.
58. I also remember certain specific signs that were happening in Washington state and Oregon. I knew by the spirit that certain well-known mountains were in full eruption. Panic and fear filled both America and Canada like they knew that greater judgment was ahead.
59. Over these past 31 years I have put every effort into working on the plans for the places of refuge. Four years ago, while still living in Edmonton the Lord commissioned me to put a manual together called Cities of Refuge-Places of Light that took 525 hours to write over a period of 16 weeks. More of an engineer's manual to build towns and cities.
60. In the spring of 2004, the Lord gave me a dream while living in Port Alberni about a knew technology that would be able to generate free heat and power for the places of refuge. Six year ago, I taught a friend the technology and he now have close to a dozen patients in Canada, Europe, the USA and in Asia. Fortunately, he only has only developed part of the concept as a new form of hot water heating. *Just like to add that his name is Don Stein. You can find him on LinkedIn. He has a business called Blue Lite Technology or something close to this with patents in 57 countries. So, what the Lord gave me about the discovery of a new unlimited heat source is validated. The implosion technology is from the Lord. God did not give it to this man.*
61. A week after receiving the initial dream in 2004 in April, the Lord spoke to me in an audible voice and showed me the three steps that this technology would take. He said that the perfection of the fuel would lead to the discovery of unlimited heat that would lead to the discovery of unlimited energy. And told me strictly that the latter could never be given to man. That it is reserved for his kingdom. He said that the technology would become the no. discovery of this century.
62. In the first few years or so of the joepipe technology I have seen well over a dozen anomalies of quantum energy. Only in this last year have I come to understand it. The closest thing to it is called Planks equation that has to do with the break down of matter that is also called plasma compression. This is what takes place as a sun turns into a dwarf star where the matter is compressed to form a super dense matter. Even with the normal operation of the joepipe, it could be merged with Paul Pantones GEET fuel processor to make a super hybrid system for converting all waste into a compressible fuel with zero emissions. It would take the Lord to bring about the right variable to make this happen.
63. My heart is to see Gods people come together in the spirit of unity. To come into the rest that is our inheritance. With Nibiru less than 22 months away (?), I am now declaring a time of preparation. To prepare to relocate out of the coming judgments. My vision is to serve God. To become a tree of his planting. To bring forth the Revelation of Jesus Christ that I may be able to meet the needs of his people. It is time my brothers and sisters to come together. To become as one in heart and spirit. We must be ready in advance when God judges this nation of Canada and America. I am here to sound the alarm and to be a help.

EVAC of WEST COAST

1A-2012 06 05 0000-02 Mission, BC by Joshua Taylor

Most of last evening I found myself in deep contemplation and thought as the Lord stirred me concerning the timing of the catastrophic judgment that is soon to befall the West Coast of North America. I could not help of connecting current events that are setting future trends of what is coming on the earth.

To those of you who are not aware of the 7 open visions given to me by the Divine inspiration in the spring of 1988 while living in Bangs, Tx., at the appointed, the Lord commanded this vessel to **bring forth a final warning** then decree a **major earthquake** bringing a tidal wave and catastrophic destruction along the **entire West Coast** of both **Canada** and the **United States of America**. The season of this event will take place in late spring or summer in and around the time when the RFID chip or mark of the beast is unveiled. In the closing seconds of the visions Lord allowed me to hear audible voice of the man of sin, **DECREE** the taking of the heads of the true Remnant believers!

In this past week I received emails concerning what Gerald Celente has to say about the coming collapse of the stock market by the end of 2010, and what Perry stone has brought to light concerning the mandatory implementation of the RFID chip by 2012. The city of Guelph, Ontario, Canada has been using the M.A.R.C. card now for the past six year!

In the visions **cash was vastly devalued 5:1** and the fear factor were at a critical point as if a time of **martial law** had come upon the land. No **M.A.R.C. card** or implementation of the mark of the right hand or forehead was evident in the visions prior to the catastrophic destruction of the West Coast. In the light of what is being brought forth by Gerald and Perry seem to point to the summer of 2011 for the fulfillment of the 7 visions unless God holds it back. The M.A.R.C. card will precede the implementation of the R.F.I.D. chip in the right hand or forehead. May it suffice to say that we have between 8 to 9 months, or if the mandatory implementation of the chip is somehow delayed, between a year and 9 months to **PREPARE the places of refuge**.

Both the M.A.R.C card in my estimation is the hook that will draw the world into the implantation of the R.F.I.D. chip or mark of the beast. Taking the card will do away with cash and your ability to prepare.

By 2012 the super net will be ready for implementation that will also control and what you can buy and sell. As we come to the close of this year, solar cycle 24 will dramatically increase generating extreme weather conditions globally. More signs that we have but a short window of **time to prepare** and to **set up places of safety**.

In the visions my heart was very heavy as I left Texas to return back up to Victory knowing that in the season had come to bring forth the judgment of God on the West Coast. In these past few weeks, the Lord has placed an urgency in my spirit to **declare a time of preparation**. At the same time the Lord is showing me that we are entering into the season where those whom God has blessed financially, to transfer their wealth to begin this season of preparation. Most of the Remnant financial position to prepare and It is up to those whom God has blessed to pull out their pocket books. Those who seek to use kingdom finances to save their own life without thought to helping the Brethen, will find themselves in a snare bringing their own demise and outside of the blessings of God Almighty!

The true sons of God, the Manchild of Rev. 12, the first fruits are **NOW** being **physically called out of the system** to prepare to survive 90-day crises about to come upon the land and prior to the **great Exodus into the places of refuge**. The time will come when the **Revelation Woman** who gave birth to the first fruit company will wake up from their slumber and be taken by the wings of the great eagle into the places of refuge to be fed by the Manchild for 1, 260 days. At the outmost, **the total catastrophic destruction of the West Coast** from putting together the signs of

the time, will happen in the summer of 2012, prior to a sneak nuclear attack on America, the crossing of Planet X and just before Satan is cast into the earth.

It is time for the first fruit company to prepare for those who come out of a time of shaking! Many voices are **in agreement** that the Spirit of God is **NOW gathering** His first fruits out of Babylon. We are at the advent of another MOVE In as when the Lord used Sam Fife in the 1960's to birth many **end time communities** to begin a time of separation to prepare for the days ahead.

God is calling out His **first fruits** at that time, and that is to come together in the **Spirit of unity** so that the fullness of His plan may be unveiled. It is the season for **the transfer of wealth** to fall into the hands of the Manchild so that they can begin to use these **kingdom finances** to **prepare the places of refuge**.

Those who are left behind, the spirit filled Church, the 60-fold, must go through their time of judgment to be pruned and awakened to the seriousness of the times. Out of this time of shaking the Lord will gather out a sold-out people to be taken to the places of refuge so be fed for 1, 260 days. The remainder of the saints, the lukewarm believers who represent the outer court Christians, will go through the great tribulation and to become martyrs of the kingdom.

In the 7 open visions the angel of the Lord appeared to me on my right side, and asked me, 'Where can My people go?' In the Spirit I saw my right arm point south the Hazelton area. In my left hand were the completed plans for building the places of refuge in the earth.

The time will soon come that the Lord will send me to Victoria, BC to bring forth a final warning quake result in the total evacuation of Vancouver Island. After a span of a week to 10 days, the Lord will give the command to speak the words of Divine judgment upon the West Coast of North America. In the visions I did not go with the EXODUS, but was taken south of the border by Divine intervention to return to the Carolina's where the City of God was in the process of being built that will become home to the Tribe of Judah.

At the time of this writing the Lord has changed my plans to leave the Mission area and to move to Vernon to become a part of a group of believers who are preparing for the exodus ahead. It is the time of the planting that the Lord said would come so many years ago and a time for the ingathering of the first fruits that they may come into the rest of God, unity of faith, in order to **begin implementation of the places of refuge** for the **Remnant** that will come in at the time when Satan is cast into the earth ushering in great persecution.

It is time for **Kingdom finances** will be placed into the hands of the **first fruits company** to be used for **the building of the places of refuge** and to prepare a place **of encampment for the Army of God** that will come out of this time of shaking. We each have a part to fulfill. In the summer of 1988, the Lord gave me the initial plan how the places of refuge are to be built in such a way that both land and buildings can be completed in one season of time. Recently the Lord has given me the energy systems to develop both heat and power. The financial system is about to take a final death blow that will bring in a time of a super worldwide depression. Let us pray and prepare, and hear for ourselves what the Lord is saying to each one.

Those of you who are led to contact me concerning preparation and plans concerning the building of the places of refuge. Email me at remnantprepper@gmail.com or my cell at 250713 4588 or Skype me at **joshua8767**. I'm hoping to also get a Skype number so that you leave a voice mail, and can phone direct using the phone package offered by Gmail.

EXODUS 2-2012

1B-2011 05 01 0000-03 Edmonton, Alberta by Donald Taylor

INTRODUCTION: The signs of the time are evident all around us that Jesus is coming soon. It is imperative that we, as true believers of Yeshua, turn our hearts over to Him in true repentance and detach ourselves from the love of this world. The judgments of the Almighty can clearly be seen in the recent March 11th mega-quake, tsunami, and the meltdown of the nuclear reactors in Japan. With the continuing contamination of radioactive fallout upon both water and land, it is evident that the hand of God rising in judgment upon North America and the world. The death of our dear brother pastor David Wilkerson is a clear sign that the visions shown him are at the door.

The opening of the 6th seal that signals the ingathering of the first-fruits, seen by Prophet David Terrell, foresaw a mega-quake along the West Coast of the Seattle/ Vancouver area as a sign of this spiritual shaking. In my spirit I believe we are NOW at the time that the Cascadia-Juan de Fuca plates will suddenly shift causing a 9. + subduction quake and the ushering in of a sealing revival. This dead raising revival has also been seen by singer-songwriter Larry P and by Russian believers with key centers being Vancouver, Seattle and Abbotsford.

Eminent Preparation *A Sign of True Repentance* - During this outpouring of the Spirit and fire, I am personally convinced that the finances will be placed in the hands of the Remnant for the building of the places of refuge. According with Rev. 12:5, this safe area will be built in honour of the Lord not only as a habitation for the Remnant, but also as a place of refuge for the Bride during the times great tribulation and the mark of the beast. In Feb. Of 1988 while sitting under David Terrell's ministry, the angel of the Lord came and brought me into 7 open visions where I clearly witnessed the exodus of over 10, 000 vehicles out of the Vancouver Lower Mainland.

It was evident while in the Spirit that these souls were well prepared in advance and were worthy to escape the catastrophic judgment to be led to a place of safety up in the Hazelton area. Recently I've come to understand, that this final mega-quake may indicate the closing of the 6th seal where the oil and the wine are marked. With the coming of Nibiru, aka Planet X, also known as the Destroyer, that this is the trigger that will usher in the mega-quake as seen in the visions along with the exodus of soul's prior resulting in a planetary reversal of the earth's spin. It is from out of this that the name, EXODUS 2, 2012 has been birthed, as a vision of preparation and signal for the Remnant unite in Spirit in preparation to leave out of destruction prior to Gabriel giving the order to destroy the West Coast.

EXODUS 2-2012 *My Vision for the Ingathering* – Since the Lord 1st gave me the geometric outline for building the places of refuge in the summer of 1988, I've devoted most of my free time to designing both Micro and Macro communities that will house 100's to 1000's of saints. In the years following the Lord has given me the knowledge, understanding and wisdom to develop a plan wherein both land and buildings can be fully completed within the span of 100 days having the people and finances. Having spent time in the Sam Fife communities such as the North Farm in Upsala, Ontario and the Shepherd's Inn outside of Fort St. John, BC, etc., has given me an inside view of the operations of end time living. Like in the days of Noah, it is clear that the rains of judgment have begun, and that by faith we must make the preparation to prepare to ride out the

judgments. As seen by many, the time will come where many believers will become trapped in destruction and be forced to take the mark. I believe that the mega-quake as seen in the 7 open visions, is the event that ushers in the time of great tribulations. The heart and purpose of this EXODUS 2 – 2012 website is only a vision coming together in the unity of the Spirit to prepare for the times ahead, but one of practical preparation to be ready in advance prior to the final warning quake that will sound the alarm to leave.

For the most part, the majority of believers will not heed the message to prepare to leave out of the places of judgment. On the other hand, the Lord will spare a righteous Remnant as he did Noah and his family to prepare and to establish these arc communities. At the appointed time, the doors to the arc will open to welcome those believers who make it to these refuge centers as the New World Order rises out of the ashes of judgment.

Goshen, Sign of The Ingathering During this time of revival, I personally believe that thousands of saints will begin to come together to form anointed pools as the first step of preparation prior to entering the wilderness. With the increasing judgments, those who have land in the rural areas will begin to open their doors to the Remnant for the building of temporary camps to be preserved similar to the ingathering of the Israelites in the land of Goshen in Joshua's day.

The Father's plan to prepare for the long term is identical to preparing for the short time. Having a practical plan to set up temporary camps within the confines of Egypt is foundational to the establishment of permanent dwellings. We all must seek the Lord as to our individual parts. I believe that the Lord has blessed me with the relocation platform and joepipe technology expresses for the building of these temporary camps as places for the initial ingathering. With these two combined technologies, it is possible to build temporary shelters complete with alternative heat and power and the means to set up self sustaining greenhouses for the growing of food.

Joshua Update In the last two months that I've been occupied doing carpentry work here in Edmonton, three people that I am personally acquainted with back in the Mission area, have expressed their interest concerning the relocation platforms for building portable cabins and greenhouses. One individual is not a believer but recognized the signs to relocate into the wilderness. By the 15th of May I'm scheduled to hook up with a brother by the name of Ernie Dory who has a refuge camp in the 100 Mile area. The Lord has put it on the heart of a sister in Vancouver for her to purchase a piece of property to set up a temporary Remnant camp in and around the Chilliwack area. In the first word of prophecy spoke over my life (in a house gathering in Cranbrook, BC, summer of 1987) by C. L. Moore while visiting brother George Warnock, the Lord said that the time would come when He would plant me and bring forth the Revelation of Jesus Christ; and that I would know the plot of the field if I had a sensitive spirit and a hearing ear; and that He would make me a blessing to meet the needs of His people. I believe that NOW is the time for this word to come to pass.

The Keys for Practical Preparation At this time I'm also putting together a joepipe kit for doing advanced testing upon my return to find the key to unlocking the generation of the unlimited plasma state. With this discovery it will be possible to use it for the gasification of septic waste into fuel resolving a key issue in community living. For those who are following the joepipe technology on u tube, I'm presently taking the steps to set up for building a water-gas, ozone, HHO, and ultrasound generator for the perfecting of the fuel

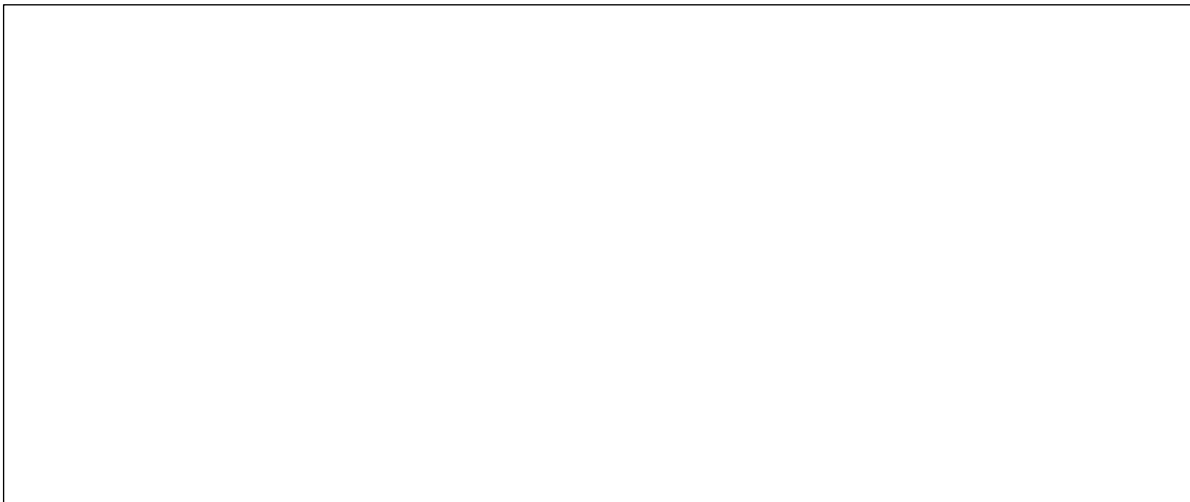

state. In the near future I would like to have a GEET Fuel Processor built for generating GEET Gas as a primary fuel for generating plasma heat and for developing ultra high mileage systems for vehicles.

Once settled, I'm hoping to set up a fully functional shop for building the relocation platform cabins complete with step-by-step video presentations and make them available on the EXODUS 2 – 2012 website. I'm believing the Lord for the \$10,000.00 that it will take to purchase the needed wood working equipment and materials to build the first 768 sq. ft. H16 yurt prototype model to set up a fully functional prefabrication shop. This will provide the workspace to construct 12, 16 and 24 ft. diameter models that will provide the infrastructure for the building of fully functional, 1-acre community camps of 50 people or more.

Before developing the shop model, I would like to challenge my building skills to fabricating a 192 sq. ft., 16 ft. diameter, H16, scaled down version. The fully scaled H16 model incorporates 16 (48 sq. ft.) interlocking sections as opposed to 16 (12 sq. ft.) model. The smaller sections are also more manageable and easier to build and can be set up by a few people. The full-scale version four times as large requiring more people to assemble but has the advantage to construct a much larger floor area.

Concluding Remarks Upon the Lord planting me upon returning back to the West Coast from here in Edmonton, Alberta, it looks as if my time will be occupied perfecting these various technologies for developing alternative housing and energy. After all these years I'm looking forward to being settled in a community setting and pray that the Lord will send along the needed hands to share the vision and to lighten the load. At the same time, I'm encouraged that the Lord will make me a blessing to be in a position to bless others with what He has instructed me to do, so that many community camps can be established throughout America and Canada as temporary places for the ingathering of the Remnant. My personal vision is to see these little cabin models be put together to build places of prayer and fasting.

With regards to the building of the EXODUS 2 – 2012 website, I first need to build a blog on word press.com, where it can then be migrated to a host site. Those of you who have word press accounts I would covet your help to set it up so that by the time I leave here, that it will be far enough ahead to take the next step to migrate it to a fully functional site.

I SAW THE BEAST RISE UP OUT OF THE SEA!

1A-2015 10 23 0000-01 Nanaimo, BC by Joshua Taylor

It really amazes me in all the years sharing the SEVEN OPEN VISIONS that I've experienced in me in real time while carried out in the Spirit that most people just don't get it. That it's beyond their ability for one reason or another to believe. I could imagine how people responded to the Apostle John when he was taken into the future and shown the book of Revelations?

When you are in the Spirit, past, present and future are one time line. All physical including spiritual senses are in a heightened state of awareness. This is how Jesus walked. All His senses were activated. In comparison we are asleep waiting to hear the bell to ring.

The part that most people poo poo is the vision of the beast that rose up on the starboard side of the ferry. People can't handle it. Where I tell you it was very real. No allusion. It was not like watching T-Rex on Jurassic Park. Much more than that. Much more than even being in the movie.

In the vision I could feel the metal of the ferry under my feet. I could smell the salt air and the sunshine. I knew things in advance. Could both see and feel the fear on the faces of those who came out to take pics with their cell phones that did not exist at the time. At the time I was fully conscious of both the seen and the unseen. The walkway to the ferry was just being lifted when the ferry began to sway that was felt by those who were standing out on deck. There was a gut feeling that something was to happen. At the time I was observing the exterior of the ship, the way the windows sloped out and the shine and smell of fresh paint. It was then that I intuitively was made aware that something was stirring in the water. The ferry was birthed on the very outside of the harbor when the head of this creature appeared coming closer where his head towered above the top of the vessel. All of a sudden people came outside the ship to see what was going on. They could not believe what they were seeing. People started taking pictures of this creature as I ventured across the mid part of the open deck. At the same time, he had to bend his body over the deck of the ship where I stretched out my hand to touch his little hands. They weren't so little. His head was about 5 feet between the eyes and at least the size of a mid size car but thicker.

His eyes on the outside were as large as a basketball. He had a brownish-green skin and teeth at least 3 ft. in length. At we touched hands for a full 10 minutes I could smell the hotness of his breath but had no fear. God raised T-Rex up as a sign, that the real beast is about to rise up out of the sea. I knew that he was pushed up from the bottom of the ocean from the quake that happened earlier that afternoon. We were in total communication together by the Spirit of God. At the last moment I told him that he had to go as military was alerted and coming to kill him.

For you doubters out there I offer you this challenge. Arrange a meet and I'll take a poly graph test or even offer to be subjected to hypnotic suggestion and to have it live recorded. Any takers? We could set up a take here on Vancouver Island? I'm tired of people mocking what the Lord has shown me. It's not so much that you mock me so but that you mock the Holy Spirit? I will stand on this challenge.

I Saw the Sun Rise up in the West Just before the Pole Shift!

1A-2015 10 17 0000-03 Nanaimo, BC by Joshua Taylor

For over 27 years the Lord hid the timing of seven open visions concerning the final warning, evacuation and total destruction of the West Coast of Canada and the United States. It was not until the spring of this year 2015, that the Lord opened the eyes of my understanding as to exact timing WHEN these events are to take place. All these years I've relived countless times what I was shown by the Spirit of the Lord, not knowing the timing although the key was hidden in plain sight. This past spring, I was in the midst of writing a book God commissioned me to write concerning His blueprints for the building of the Places of Refuge, when the scales fell from my eyes. Before going further, it is imperative to establish a background of events leading up to the seven open visions.

In the late summer of 1986, I found myself in Winnipeg, Canada after having completed a mission to carry a cross from southern Alberta to Expo 86 in Vancouver. The previous fall the Lord had given me an open vision where I saw myself carrying a cross on the outskirts of Lethbridge in the beginning of the New Year. After being on previous missions, I find that it takes time to readjust and to get your feet back on the ground. Leaving East, I visited family back in Regina then took the Greyhound to Winnipeg. Getting off the bus I built another cross and began walking around the city where I met a group of young people. Before we got busted on the streets of Winnipeg, we spent time in prayer and fasting where the Lord showed us WW111 breaking out in the Middle East. In a vision prior to this we saw David Terrell, Gods prophet to the world standing outside on the steps of a prison. That weekend I phoned the office in Dallas and they wanted to know how I knew that he was being transferred. It was Gods way of putting a hook in my mouth to draw me down to Bangs, Texas. After the cops arrested us and took the cross away, we went our separate ways. I remember taking the Greyhound to an end time farm outside of Thunder Bay where I had been to before on a previous journey. It was here that God opened a door to travel down south with a family to Benton, MO. to help them get a house started.

In the spring of 1987, the Lord released me from my obligation where I hitch hiked to Bangs, Tx. Not knowing anyone there, the Lord opened up a place to stay with an older brother who sat under David Terrell ministry who lived on the 92. That same summer a dear friend and sister in the faith asked me if I would build a house for her. She was a song writer and mother to the soldier boys in Vietnam. She even got a letter from the President. It was in this home the early part of Feb. of 1988 that the Lord took me out into seven open visions where I was shown the coming judgments upon America and my own country of Canada. It was in this home that the Lord also gave me His blueprints for building the blessed areas or places of refuge.

Going back to the spring of this year, just before the Lord revealed the missing piece enabling me to understand the timing or fulfilment when the seven visions are to take place, I had been doing research on the various events leading up to the coming Pole Shift. Before the first vision began to unfold, I was aware of being given a direct command by the Lord to return to my own country of Canada. That it was imperative to return within 24 hours. In the pre-vision I had met my wife and we had arrived a day late at the camp meeting that was held in the tabernacle. It was by the hands of the prophet David Terrell that the Lord commissioned me to carry out this mission.

As the first vision began to unfold, I was in Port Angeles waiting to board the ferry to Victoria, BC. It was still dark out. The water had ice crystals and the air was unusually cold for spring. **In the spirit I knew that it was exactly 5 AM.** Overlooking the Pacific Ocean, I remember seeing the early pre dawn rays of the sun beginning to break on the horizon. At the time it did not make sense as to what I was seeing. It was a sign to be revealed at a future time. After all these years the Lord opened up my understanding, hidden in plain sight, as to season and timing wherein these visions are to take place. It has been recorded in times past of the sun rising up in the west. According to the research that I was studying at the time, the sun will rise in the west for approximately 6 days, prior to the rotation of the earth slowing down and coming to a complete stop-followed by a Pole Shift. **In the visions what I did recognize was the spiritual awareness or consciousness that I was walking in. In the Spirit I knew things about people, places**

and things. The sun rising up in the west could also represent a spiritual sign of the release of the sons of God in the earth. In the visions I saw the gross darkness that covered the faces of the people. It was a fear that could be felt. Great fear! Could it be that the people were seeing planet x or Nibiru in the sky? Yes, that is probable but I was not directly shown this. Whatever the fear on the faces of the people, the cause of it was not obvious.

Altogether throughout all seven visions I was shown approximately 40 different signs. Is Nibiru the sign of Jonah that the Lord said would be revealed in the last day? Is this the cause for the sun rising up in the West? Other signs that I saw firsthand was the economy. Cash was at 600 percent hyper inflation. I saw the Spirit Class ferries that are now being used between Vancouver and Nanaimo. Saw the beast rise up out of the sea in Departure Bay while standing on board on one of these new ferries that hadn't been built yet. Saw people taking pictures of this Beast that rose up on the starboard side along with cell phones that did not exist in 1988. Witnessed the mandatory evacuation of Vancouver Island. Seen a tidal wave rise up 20 miles off the west coast of Victoria that was 1,500 ft. high!

Had a panoramic view while standing a few miles west of Hope, of a 50-mile convoy of 10,000 vehicles, in a mass EXODUS heading towards the northern part of British Columbia. In the background I knew that Mt. Baker, Shasta and others were blowing up. In the visions I saw the news agencies, ABC, CTV, all the big ones waiting for me at the Horseshoe Bay terminal in Vancouver as the ferry was docking from Nanaimo. It was dusk. Could see all the helicopters leaving. I remember when the angel of the Lord 1st appearing on my right side. The Lord told the reporters that they had run out of time-that it was too late to sell your homes!

The 2nd time that Gabriel appeared was outside of Hope where I saw the completed plans for the building of the places of refuge in my left hand and a staff of judgment in my right. Saw the faces of 3, 000, 000 faces of people dying individually and collectively at the same time as they were swept up in judgement. At the end of these visions, I was given the last Sign. It was not what I saw but what I audibly heard the man of sin speak. I was not shown his face but I did hear him usher a decree of global persecution against the true believers of God.

It wasn't until five years later that I wrote out all what I was shown. It was burnt into my memory. In the visions as I was in the Spirit high up over the south end of Vancouver Island, I remember saying to myself, "I don't see any spiritual lights. It was as if the harvest of first fruits were already harvested.

In the visions I was well known to the local media. I don't know what the Lord would have me to do next here on Vancouver Island. I'm in the process of moving back to the Island again. The Pole Shift is coming. It can't be stopped. It is getting closer. God has a plan for gathering in and relocating the righteous out of the places of destruction. You can go to placesofrefuge.com (no longer functional) and read the full transcript of the seven open visions is posted. The warning, evacuation and destruction of the West Coast will take place just prior to the coming Pole Shift. That is now certain. Our only refuge is Psalms 91-to learn to rest in His Presence. For those of you who stone what the Lord has shown me, you will perish in your sins. Your young people take heed and run to the Lord. He has a plan for your life. We may have till the spring of 2016? Maybe the spring of 2017? In the seven open visions the Lord only gave enough time for Vancouver Island to be evacuated. It is time for this warning to go out in a big way. It is time for a mass EXODUS to come together. I'm open to share these visions with any who would hear. The book the Lord commissioned me to write this past spring

Our governments are not in the business of giving people a heads up of a **ELE** that we all know is coming?

We just had a huge boulder the size of a house come down on the No. 7 highway outside of Hope. That cracked the highway! An **INDICATOR** that the mainland is experiencing **POSSIBLE TREMORS**.

It was also seen by another prophetic voice years back. Where a woman saw a vision of a massive quake hit Surrey, BC. Sometime during the Xmas season. Roads were buckled and broken. Fires everywhere. And to couple this with all the chatter coming from the deep state global elitists who are in the know. **AMERICA** may not have a Xmas this year! They have the tech to trigger such an event like what just took place in North Carolina. Especially after loosing the game with Donald Trump attaining the Presidency.

Some of the talk is that the **3DOD** will happen in the **EARLY** part of **DECEMBER**. This has really triggered a Red Flag in the eyes of my understanding. David Terrell, God's prophet to the world saw a Mega quake that shook **13 states in the Northwest**. That was felt all the way to Edmonton, Alberta, Canada. Is the Almighty God of Heaven given us ample warning? Is it time for the **SIGN** of a **dead raising Revival** pending as we enter into the month of December?

So be on your guard and **STOCK UP** as these Events will happen. **NASA** is well aware when the **Puerto Rico ASTEROID** will strike. First revealed to Ephraim Rodriguez prior to C-19 breaking out. *Initiating God's intervention into the earth and time of INDIGNATION!* Bringing North America into a time of great calamity, suffering and Marshall Law **LOCKDOWN**. Are we about to see the New Year come in with a great shaking?

There is this other vision of a sister whom I have personally spoken with. Who was taken above the earth out in space. Where she was shown by the Angel of the Lord a large celestial ball of fire that hit somewhere in the Atlantic. Close to Puerto Rica. And she saw the timing of this take place when Trump was President. So is God drawing a line in the sand to be forewarned and ready. To be armoured up and walking in the Fear of the Lord!

When I was waking up recently after pulling a all niter. This last-minute warning 🚨 was in my spirit to be **AWAKE** and **READY**. This is what I'm hearing in my spirit. The Rock cut out of the mountain is coming. When no one knows? Our last Xmas? Yes, this could be.

The following poem was given to me by prophetic inspiration in 2012

It is a portent of what is coming.
A **PRECURSOR** to a **much larger Event!**
Only repentance and prayer can hold it back.
And it is my best guess that this Northwest Mega quake seen by David Terrel,
God's prophet to the world.
As a **SIGN** of a **dead raising Revival.**
Is triggered by the Puerto Rica asteroid event
that ushers in the

VANQUAKER!

. 1999 00 00 0000-1 Vancouver, BC-by Joshua Taylor

Change is coming can't you see.
To lose the captives and to set them free...
The time is short now plan ahead,
To prepare your souls for the coming dread!
An earthquake to strike this city of gloom,
And for the many it shall be their doom!
Multitudes to die in one moment of time,
Buildings shall crumble erasing skyline...
Sleep while you can for when daylight arises,
Vancouver be shook bringing forth many surprises.
All bridges to collapse except for one,
Cutting off the masses during the shining of the sun!

Richmond to be hit by tidal wave,
Canceling all flights and with it a mass grave.
White Rock to suffer a similar fate,
City to be flattened by a series of shakes.
Surrey shall not escape-it too shall suffer loss,
For all this is but a warning to awaken and to count the cost!

Now is the time to prepare for the worst,
For those who don't will suffer from thirst!
The lights will go out and the heat shall fail,
As the power be cut off and all food become stale!
All this be but a warning-a shot across the bow,
And a kill shot to follow in the wake of this woe!!
Your life will be changed, whether you like it or not,
For it's not in your hands to rewrite the plot.
Destruction will come for those unprepared,
But for those who are ready their lives will be spared!
Put not off, what you can do for today,
All this to happen in the shining of the day.

For those who believe I will help you to prepare,
For God has a plan to turn away all despair!
By working together, we will see this through,
Preparation must begin now and our faith be raised to,
Write me while it's still yet day that I might share with you,
Of how to prepare and what you must do!!

Vancouver Island WALK with the Cross 2005

1A-2024 11 19 1958-02 Boston Bar by Joshua Taylor

You can see the cross on top of the Chevy van. Buddy was my best friend before Max. Both gone to doggie heaven. So, this would be 12 + 7 + 5 or so years. Maybe 2003 just before the Lord gave me the dream of the Joepipe implosion technology. Miss both of my dogs. Praying for another dog like the ones that were the love of my life.

In this cross-walk to warn Vancouver Island to awaken. The 7.1 that I saw when the Lord took me me out in the 7 Open Visions to bring a final warning of an impending Mega Quake. At the time I did not know that a **PRECUSOR Quake** was to happen **BEFORE** the much larger **12.0 + Mega QUAKE**. Possibly to happen when **Apophis** hits the lower Pacific ushering in the 6th Seal Event.

Anyway, on this particular walk we were parked outside of Port Renfrew just south of Port Hardy. And the spirit of the Lord came upon me just before dark to speak forth the indignation of the Lord. The Holy Spirit said to go outside the van and to anoint a branch. The mosquitos were thick like everything. And I didn't want to go out. But I did. And as I anointed staff. The power of God hit me and I felt the indignation of his anger begin to rise up. Earlier that morning there was a 5.1 quake that shook people out of their beds. But they spiritually went back to sleep. God was so angry. And that spirit came upon me. And the Word of the Lord came to me to speak a **6.4 judgement quake** as a **SIGN** that the Lord was with me on this time of warning. And for it to take place within 24 hours.

So, I didn't think much of it. And my girlfriend at the time we drove back south outside of Campbell River. And stopped for the night at a Provincial Park campsite. All the spots were taken except for one spot down by the river.

That night at approximately 10 minutes past 1 in the morning. The whole van shook side to side. Thought that the kids were pulling a prank. When we got up in the morning. All the dozens of campers were gone except for a radio that I could hear way, way back. CBC was announcing that a 6.4 quake had just past midnight but it was downgraded to a 6.1. Anyway, one of many stories that I have to share with you all about my walk and God's call on my life.

The Big One is coming! In the 7 Open Visions the Angel of the Lord appeared for the 1st time. And looked me straight into the eyes. I could see the love of the Father while beholding the face of God in heaven. Seen his love but I did not see any mercy. For the time of mercy had come to an end. And Gabriel commanded me to speak forth a catastrophic earthquake in the Pacific. I knew that If I obeyed the voice of the Lord that it would happen. There was no doubt that the word of God's judgment would come to pass. And instantly. That is exactly what is coming folks. And it is not my will that any should perish. And I had a choice to obey or not to obey the voice of the Lord.

Don't know if this vision is to take place soon or not. In the 7 open visions there was great **FEAR** on every face. Lots of fear rising up from south of the border. Cash was **at 600 percent hyperinflation**. And I was walking in the manifestation of the Glory. Something that I did not understand until years after having the 1988 visions. One clue of the timing is that there were no spiritual lights when I was lifted up in the Spirit over Vancouver Island. It seemed that Revival had come and the wheat harvest was already gathered out of judgment. Those who were still left were the tares.

But God's mercy was so great that he gave time for those still living on the Island to **EVACUATE** to the mainland. But the people were full of fear and did not flee further inland. Knowing that the hand of God's judgment was about to fall bring total destruction of life.

So, by the **SIGNS** given in the visions. The West Coast has between now and the opening of the **6th Seal** as shown to **Tom Horn** concerning **Apophis** where he saw it hit. **NASA** says it will skim by the earth on April 13th 2019. God could speed up the time depending if we Repent before this cataclysmic judgment hits. There will be a powerfully move of God's spirit to gather in the lost and the wheat harvest before mercy runs out. NASA never has a straight answer. So, you cannot rely on man's wisdom as to the timing of all this when the West Coast will slide into the sea.

One thing is certain. And that is there will be a **wake-up event** that will trigger an **EXODUS** of souls. The **50-mile convoy of 10,000 vehicles in the visions**. The ones that the Lord deemed worthy to escape the wrath of the Lamb. Just prior to those living in the ring of fire is hit with great judgment.

I know in my spirit when the **9.1 mega quake happens** that will shake **13 states in the Northwest**. Seen by David Terrel. When this takes place the time that I have now will come to an end. That the Lord will send me out as a **prophetic voice** to trumpet that a much larger quake is coming just before the **Pole Shift** is to happen. In the visions when I came out of the 45 minutes being lifted up into the realm of the spirit. I knew that I had just come out of the time just before the **6th seal was about to be opened**.

Anyway, I come here tonight just to say that the **COLLECTION** of 15 files concerning the **7 Open Visions** has been put into a **30-page document**. Have a few pics to upload to complete the rough draft.

The work that makes up the 7 Open Vision Collection is yet a rough draft but complete to be sent out at this time. For you who are led to send for your copy of the **7 Open Vision Collection**. Email me at **remnantprepper@gmail.com**. Put into the subject heading: Please send me 7 Open Vision Collection.
