Zechariah 12:9-10(KJV)

9 And it shall come to pass in that day, that ***I will seek to destroy all the nations that come against Jerusalem.***
10 And I will pour upon the house of David, and upon the inhabitants of Jerusalem, the spirit of grace and of supplications: and *they shall look upon me whom they have pierced*, and they shall mourn for him, as one mourneth for his only son, and shall be in bitterness for him, as one that is in bitterness for his firstborn.

=====

This is a very critical moment. Every piece of message matters and as well consequential. Our job is to deliver what we are given. If we do, we bring awareness which help for safety and protection. If we don't, the danger is bigger and we are accountable to what follows.

In our side, there is big concern releasing this message. The truth is, are we telling a new message? No. We are sending the same message we have been giving for years.

How many times did we post in this website that Iran has succeeded in making Weapon? Whether advanced or rudimentary, tested or not, we have been warning they have it and they have tipped their hyper-sonic with it.

Now, regardless of the gravity of the situation, we are releasing today, the same message given to us for years.

As the you are aware, We have been warning for years this dangerous war is come and now it is here. Is the danger over?

See here what the Lord warned us today,

I was listening to an interview of the PM in Fox news about the ongoing war, the achievements and the cons. Almost half way to the 32 minutes interview, I hear the Lord dropped the sell saying:-

"They have it and they will use it"

The exact word is ***"They have the big weapon and the will explode(boom) it"***

Is this new? No, we have been warned a number of time.

When, where, how? There is no specifics given.

Obviously, when they are cornered, they will throw what they have at hand. We know they are trying to bring it closer or in, to bring the destruction.

The other point is, the US, after helping this long in very many ways, can't remain immune of neutral. We were warned for yeras about the danger for the military bases in the region. Sooner or later, the US will be dragged into it.

Watch oil prices, the Gulf region, the Red sea and the surroundings. The whole region is going to go into flames.

The truth is ***"IT HAS STARTED"***. Here on, there is no going back.

Now, all the concerned will understand what to expect and what to do.

For the truth and the details, take this to the Lord.

***Fear not
Repent!!!***
