

Prophecy come to pass-Summary.

McKana, April 19, 2026

Isaiah 46:10(KJV)

Declaring the end from the beginning, and from ancient times the things that are not yet done, saying, My counsel shall stand, and I will do all my pleasure:

-----//-----

Through many years, the Lord has given us the truth of what is to come regarding the conflict in the Middle east and the Persian Gulf.

What we are seeing these days is what the Lord warned us ahead of time and in these last days. Remembering what the Lord gave to the late Paul John Paul Jackson 18 years earlier on **2007**.

*“Even this year **tension with Israel and Iran is going to escalate**. The day is going to come when Israel is going to hit Iran. It has already happened. There where mystery explosion which has happened. Israel one day will send rockets to Iran, **before that day happens there are some mystery explosions** (and those has happened.)*

*When Israel hit Iran, there will be a **huge growth of antisemitism** and everybody is going to blame Israel for **the price of gasoline**, there is going to be incredible backlash, OPEC countries will form an alliance and will not sale to anyone who support Israel----. Israel will become a difficult thing and **Jerusalem will become a cup of trembling**. It is going to happen, not years from now, sooner than that and everything is going to change.”*

Just as prophesied, many of these events come to pass and now, we are living witnesses.

1. Israel and Iran war, US involved-This Came to pass.

Dream and vision of July 27, 2015. a:15AM

“Then I see multiples missiles in the air directed towards Iran in the middle of the thick cloud, smoky too. The origin of the missiles is Israel. Some also look they are going from the US across the Atlantic, It is taking longer time but it is from the same region. Then I am focused on Iran and see the missiles land and where they land there was fire in different areas.”

(DREAM VISION OF SEPTEMBER 22, 2023. 12:44AM)

The first message is, as reported in the news and as what is claimed, Iran has developed a hypersonic missile which can travels 15 times the speed of sound. Surprisingly, the news states that **“This one, posted across the Iranian capital this week, reads: “400 seconds to Tel Aviv” in Persian, Arabic and Hebrew.**” 400 seconds is $400/60=6.66666666666667$ which is almost 7 minutes. ***See how precise the world of the Lord is.***

News of Friday, June 9, 2023

“Iran has a new hypersonic missile. Here’s what that means for the Middle East

Abu Dhabi and Jerusalem CNN-It's not every day that you see billboards in Hebrew on the streets of Tehran. This one, posted across the Iranian capital this week, reads: **"400 seconds to Tel Aviv"** in *Persian, Arabic and Hebrew*. It is an announcement of the latest missile in Iran's fast expanding arsenal of weapons – one that Iran's military says can travel up to **15 times the speed of sound**. The missile is called Fattah, apparently named after one of the 99 names of God in Islam meaning "victory giver." It was unveiled this week as a historic achievement for the country's military. The hypersonic projectile has the ability to "penetrate all air defense missile systems and detonate them," Iran's Islamic Revolutionary Guard Corps' (IRGC) Aerospace Force Commander Brigadier General Amir Ali Hajizadeh said in comments published by the semi-official Tasnim news agency. The IRGC says it can move within and above the earth's atmosphere and has a range of 1,400 kilometers (870 miles). That would put Israel within reach. Hypersonic missiles are those that can travel at a speed beyond Mach 5, or five times the speed of sound.
